## Important Notice for Taiwan Visitor

### (Fall-Winter COVID-19 program)

Dear our valued agents,

On November 18, the Central Epidemic Command Center (CECC) announced would launch the Fall-Winter COVID-19 Prevention Program to be effective starting on **1 Dec 2020 until 28 February 2021**. This program is purposely to enhance border quarantine control and to strengthen community prevention and medical response measure.

Program details are listed below:

1. Upon entering Taiwan, **all travelers coming to Taiwan or transit passengers, regardless of nationality (Taiwanese nationals/ Foreign nationals) or travel purpose (studies,work, diplomatic, official business or others) are all required to present a certificate of a negative COVID-19 RT-PCR.**
2. **Certificate of a negative COVID-19 shall include the following information:**
  - **Test result issued within 3 days (working days) of boarding before they are allowed to board their flight to Taiwan.** (excluding Saturday, Sunday, National holidays in the country/region where the traveler take the test and Boarding day).  
*e.g if an eligible traveler takes a flight to Taiwan on September 25, the traveler should provide his/her certificate of a negative COVID-19 RT-PCR test result issued on or after September 22.*
  - **Test result must be issued by a medical institution deemed qualified by the local government in the traveler's place of departure.**
  - Certificate of a negative COVID-19 shall be **written in English/Chinese.**
  - Certificate of negative COVID-19 shall include **Name matches with the name in passport, Date of Birth (DOB) or Passport number, Specimen collection date and test report date, Virus name, Testing method, and the result.**
  - **Testing method of a negative test result should be a nucleic acid test (such as PCR, RT-PCR, NAA, NAT or others); immunoserologic testing, which detects the presence of any antigens (Ag) or antibodies (IgG or IgM) in blood, does not meet the requirements set forth in this program.**
3. **All travelers still must undergo a 14-days home quarantine period after arrived at Taiwan.**
