

PERSONAL SAFETY & WELLNESS IN ONE MOBILE SOLUTION

Stay Safe & Protected While You Are On The Go

The GPS Safe personal security and safety device provide immediate incident notification and protection including patented fall detection, ideal for the active person who enjoys being outdoors. With the press of a button, the GPS Safe device utilizes two-way voice to connect with our monitoring centre, to dispatch emergency personnel for immediately assistance or just to provide peace of mind.

The GPS Safe device includes GPS and Wi-Fi to enable dispatch operators the ability to locate the device both indoors and outdoors on demand. The long-lasting rechargeable device is lightweight yet ruggedized providing shatter resistance up to 2 meters and water submersion up to 1 meter for 30 minutes. A variety of carrying options are available.

Advanced fall detection for 24/7 alerts to family and caregivers

Fully mobile for personal safety at home and on the go

Water-resistant to 1 meter (3.3 ft) for 30 minutes. Designed to be worn in the shower
