

WORDS, THE BUILDING BLOCKS OF THE UNIVERSE

The words of the torah are the building blocks of the universe, the VOICE of Yah. The torah is not a theological issue. The word of Yah created all things. That's a fact. Everything we say and everything we do affects everything else in the universe.

Words are important. Words mean things. Words are the building blocks of creation. Yah spoke the Word at the time of creation and it came into existence. Words can bless you or curse you. Words can deceive people or words can reveal the truth to people so they can be set free from the bondage of the world we live in. Words can destroy things or create things. Yah's words are the only words that can create. Words are very very powerful, that's why James says be careful what comes out of our mouth for it can bless or curse those who receive it. Yah is in the business of restoring all things and the devil is in the business of corrupting all things.

Yah spoke the word and the universe was created just as it is explained in Genesis. The basic concept of blessings and curses rests upon the spoken word being a vessel to make the words come into being. That's why we are told in the end that we will give an account for every word spoken. **James 3:10** *"from the same mouth come [both] blessing and cursing. My brethren, these things ought not to be this way."*

FIRE

There are two purposes for fire, it can be positive and it can be negative. In its most basic form, fire takes complex, dense matter made up of many atoms and reduces them

to a more simpler form, mainly gases. It produces LIGHT and HEAT. You need light during the dark, and you need heat during the cold.

The expression "I'm on fire" or "I have fire in my bones" is describing the positive fire that comes upon a person who is being cleansed, purified, by the Ruach, moving closer and closer to Yah.

Exod. 3:2 *And the angel of the LORD appeared to him in a blazing fire from the midst of a bush; and he looked, and behold, **the bush was burning with fire, yet the bush was not consumed.*** The bush (tree) represents His people. Yah wants to light us on fire and speak through us to His people.

Lev. 16:12 *“And he shall take a firepan full of coals of fire from upon the altar before the LORD, and two handfuls of finely ground sweet incense, and bring it inside the veil.”* We are to be like the coals of the altar fire used to ignite

Rom. 12:20-21 *“BUT IF YOUR ENEMY IS HUNGRY, FEED HIM, AND IF HE IS THIRSTY, GIVE HIM A DRINK; FOR IN SO DOING YOU WILL HEAP BURNING COALS UPON HIS HEAD.”* Do not be overcome by evil, but **overcome evil with good.** Many people believe that in this verse we see that if we do good to those who are evil to us it will make them mad, this is not what this means. That may indeed happen, but it actually means the exact opposite. Coals of fire was a well known phrase used by first century rabbis to describe the ultimate fire of the brazen altar. The High priest would take the coals from the altar, scoop them up in a pan, put them in a censor, then bring them through the veil to the altar of incense in the Holy Place. Those coals were used to burn the incense, which then caused the glory of Yah to shine. So this means when you do good to your enemy, it is as if you are taking the coals from the altar and putting them on their head, which becomes the altar of incense, and therefor will burn away any dross, worthless rubbish in their life. Their life will then become a sweet savour before Yah.

Acts 2:3 *And there appeared to them tongues as of fire (shin) distributing themselves, and they rested on each one of them.* The tongues of fire here, in Hebrew, represent the letter shin. This is the sign the priests used with their hands while speaking the Aaronic blessing. In the process of of speaking in tongues what did they do?

Acts 2:11 *Cretans and Arabs — we hear them in our own tongues speaking of **the mighty deeds of God.*** When you have the fire of Yah inside of you, you will declare the wonderful works of Elohim. (put in Feasts book for shavuot El Shaddai, all consuming fire) fire brings death and life **Exod. 32:28** *So the sons of Levi did as Moses instructed, and about **three thousand** men of the people fell that day.*

Acts 2:41 *So then, those who had received his word were baptized; and there were added that day about **three thousand** souls.*

James 1:26 *If anyone thinks himself to be religious, and yet does not **bridle his tongue** but deceives his own heart, this man's religion is worthless.*

What are the attributes of fire?

Positive (love, purifying, zeal)

Fire starts with friction. Negative friction happens when one rubs themselves up against someone else in a negative way. It creates a fire in their life. At the same time, if you look at that person with Yah's eyes you will see that fire is a holy thing, good, when used properly. When you think this fire, you must think love. Loving someone creates fire

in your and their heart. Friction fire is a good thing, but it can also be a bad thing. Fire never keeps to itself, it is always moving, consuming things around it. Negative fire will ignite a lot of people. Positive fire will also ignite people. Fire divides holy from unholy, never holy from holy. Fire is what purifies us.

Fire seeks to consume. It's design is to bring you to acute focus. Fire by itself is designed to consume everything around it. It reduces everything around it to its lowest form, as in ashes. When you have or experience the fire of Yah in your life, it destroys (consumes) everything in your life that is not of Him. Fire produces light and the enemy cannot exist in the presence of light. Fire comes out from Yah's throne. Remember when Yah sent fire to destroy Aaron's two sons because of the way they made a sacrifice? They chose to come near the throne of Yah with impure hearts, therefore they were destroyed. Yah is a pillar of fire. If you dare to get close to Him you must be willing to die in the process. The closer you get in your relationship with Yah the more intense the heat is. To come close to Him you better have your heart in the right way. If you are not holy you will die in His presence. This is what is going to happen on judgment day, we will be consumed by the Lake of Fire, or we will be transported to Heaven, according to the deeds of our heart. The only thing that protects you is the blood of the lamb. Yah came as the destroyer in the tenth plague in Egypt when all the first-born who were not under the blood were destroyed by El Shaddai, the all consuming fire. When we are covered by the blood we have a shield that protects us from being destroyed by fire. Yeshua is the beginning of love for us. We must understand this love that Yah made available through His Son, but we must not stagnate there. We are to move on beyond this to the weightier things in life (Hebr. 6:1). The highest form of love is when we die for someone else is it not?

Fire divides.

Fire usually burns wood, trees. What are trees symbolic of in scripture, people. Fire divides people. Just as the sword of the spirit divides. Again we see things happen in the physical and then likewise in the spiritual.

Our Yah is an all consuming fire. When we look at fire through the message of shin we see many things.

Many Christians, because they don't read the front of the book, think only of the fire and damnation written about in the Book of Revelation. They don't realize fire is clearly written about in the Old Testament as a attribute of Yahveh.

From Yah's throne come three things that keep this earth alive; fire, water and air.

The river of life comes out from the Temple in the New Jerusalem. The river is designed to also consume you and bring forth new life. The Lake of Fire in revelation destroys and consumes all those who are sent to it.

Dan. 7:9 *"I kept looking Until thrones were set up, And the Ancient of Days took His seat; His vesture was like white snow, And the chair of His head like pure wool. **His throne was ablaze with flames, Its wheels were a burning fire.***

Rev. 1:14 *And His head and His hair were white like white wool, like snow; and **His eyes were like a flame of fire;**"*

Exod. 13:21 *And the LORD was going before them in a pillar of cloud by day to lead them on the way, and in a **pillar of fire by night** to give them light, that they might travel by day*

and by night." Symbolically, the throne of Yah was leading them.

Deut. 4:11 "And you came near and stood at the foot of the mountain, and **the mountain burned with fire** to the very heart of the heavens: darkness, cloud and thick gloom."

Negative (Hell, lake of fire, punishment)

Rev. 20:14 And death and Hades were thrown into the **lake of fire**. This is the second death, **the lake of fire**."

Luke 9:54-56 And when His disciples James and John saw this, they said, "Lord, do **You want us to command fire to come down from heaven and consume them?**" 55 But He turned and rebuked them, [and said, "**You do not know what kind of spirit you are of**; 56 for the Son of Man did not come to destroy men's lives, but to save them."] And they went on to another village." The disciples were referring to what Elijah did in the past. Yeshua was pointing out that only the spirit of Hasatan wants fire to destroy in such a manner, the Spirit of Yah wants fire to save people and help them understand what they are doing wrong so they can correct it. We may hate what some people (enemies) do and say, but we should not want them destroyed. We should be praying for them. Pray for your enemies, but expose them (evil). We should never damn or condemn our enemies.

In the following message of James we see the letter shin wrapped up.

James 3:1-18 "Let not many of you become teachers, my brethren, knowing that as such we shall incur a stricter judgment. 2 For we all stumble in many ways. If anyone does not stumble in what he says, he is a perfect man, able to bridle the whole body as well. 3 Now if we put the bits into the horses' mouths so that they may obey us, we direct their entire body as well. 4 Behold, the ships also, though they are so great and are driven by strong winds, are still directed by a very small rudder, wherever the inclination of the pilot desires. 5 So also **the tongue is** a small part of the body, and yet it boasts of great things. Behold, how great a forest is set aflame by such a **small fire!** 6 And the tongue is a fire, the very world of iniquity; **the tongue is** set among our members as that which defiles the entire body, and **sets on fire the course of our life, and is set on fire by hell.** 7 For every species of beasts and birds, of reptiles and creatures of the sea, is tamed, and has been tamed by the human race. 8 **But no one can tame the tongue;** it is a restless evil and full of deadly poison. 9 With it we bless our Lord and Father; and with it we curse men, who have been made in the likeness of God; 10 **from the same mouth come both blessing and cursing.** My brethren, these things ought not to be this way. 11 Does a fountain send out from the same opening both fresh and bitter water? 12 Can a fig tree, my brethren, produce olives, or a vine produce figs? Neither can salt water produce fresh. 13 Who among you is wise and understanding? Let him show by his good behavior his deeds in the gentleness of wisdom. 14 But if you have bitter jealousy and selfish ambition in your heart, do not be arrogant and so lie against the truth. 15 **This wisdom is not that which comes down from above, but is earthly, natural, demonic.** 16 For where **jealousy and selfish ambition exist,** there is disorder and every evil thing. 17 But the wisdom from above is first pure, then peaceable, gentle, reasonable, full of mercy and good fruits, unwavering, without hypocrisy. 18 And the seed whose fruit is righteousness is sown in peace by those who make peace".

The tongue, the mouth, the two front teeth of shin are all connected to the all consuming fire of Yah as explained in James 3. Our tongue is a fire that can destroy the

enemies plans with words of authority in Yeshua's name. It can also be used by the enemy to causes curses to put people in bondage for life. Our tongue can be a blessing or a curse depending on whether the Holy Spirit or the counterfeit spirit is using it. The letter shin is the tooth that is used to consume with fire all things in us that are not in line with His Word, so that we can be set free. The fire may hurt as it consumes our fleshly ways, but the fire also sets us free. It will feel good when it's over.

The simplicity of torah

The torah is described as a home, a family and a piece of land. When you walk outside your home you can understand the simplicity of the bible by simply looking around. Yeshua said "the field is the world". That's what He was referring to. You want to know what's going on in the world, look outside your window. You want to learn something beautiful, you want wisdom and knowledge, just go outside and grow a garden. You will see Yeshua's parables and many prophecies sprout up in front of your eyes. It is no coincidence that we call the remnant the Hebrew Roots movement. The world has separated us from our roots. The roots that are now supporting the world have been producing wilting flowers that bear no fruit. There can be no fruit grown from a plant without the torah as the root of its foundation. **Matt. 13:38a** "*and the field is the world*".

The so-called intellectual's do not like this simple idea of life because they can't control it or make money from it. If people started growing their own food in their own garden the large corporations that supply us with artificial food would be put out of business. Man can't stand the idea of something being revealed in something as simplistic as that.

If one can understand the truth by walking outside their door, they will have no need to pay others to consult and mis-direct them and point out that simple idea.

The first thing that happens when we do not obey His commandments affects the home, family and piece of land. In the world today we see what happens to people in far too many cases when they are disobedient to torah. They get divorced, they loose their home, their family, and their land just like it says will happen in scripture. **Deut. 28:30-31** "***You shall betroth a wife, but another man shall violate her; you shall build a house, but you shall not live in it; you shall plant a vineyard, but you shall not use its fruit. 31 "Your ox shall be slaughtered before your eyes, but you shall not eat of it; your donkey shall be torn away from you, and shall not be restored to you; your sheep shall be given to your enemies, and you shall have none to save you."***" This is clearly defining what has been happening in society for many years now.

Organic

The reason so many people are now seriously getting into the organic real food understanding is so they don't have to rely on pharmaceuticals to heal them. They can grow genuine healthy food that will remove most of their need for the medical system that has overpowered society as a whole. There is no money to be made if someone can go outside and pick something from a plant and be healed. The cost of this artificially controlled system has taken a living away from billions of people. People have been addicted to drugs of all shapes and sizes and are depending on the large multi-billion dollar corporations to control and dictate to them what they require to live a so-called healthy dependent life. **Rom. 1:20** "***For since the creation of the world His invisible***

attributes, His eternal power and divine nature, have been clearly seen, being understood through what has been made, so that they are without excuse"

Col. 1:16-17 "For by Him all things were created, both in the heavens and on earth, visible and invisible, whether thrones or dominions or rulers or authorities—all things have been created by Him and for Him. 17 And He is before all things, and in Him all things hold together."

Deut. 28:1-2 "Now it shall be, if you will diligently obey the LORD your God, being careful to do all His commandments which I command you today, the LORD your God will set you high above all the nations of the earth. 2 "And all these blessings shall come upon you and overtake you, if you will obey the LORD your God."

Doing what He says to do and saying what He says to say brings us blessings.

Frequencies of sound

Many scientists say that the universe was brought into existence by the energized vibrations of sound. They say that sound is what sustains the universe. What they don't realize is that the sound they are talking about is the Hebrew sound of the words of the torah, known as the "Living Word".

"The current research of quantum physics now understands that the universe we live in was brought into existence by the energized vibrations of sound! "Whatever created the universe, sustains the universe."

Newtons laws of motion. Newtons laws are in perfect harmony with the bible. These are the laws of motion. Everything in the universe is an affect, and everything has a cause. Isaac Newton was a brilliant scientist and theologian. His explanation was correct.

Dynamics of sound

According to the Science Magazine: quote "All the subatomic particles in the universe arise from different vibrating frequencies, a universe in symphony like violins playing different notes. Music is at the very base of all space, time and matter". They are saying that everything in the universe is vibrating frequencies and sound. The world was created by Yah like a huge symphony and in the beginning Yah tuned every instrument exactly the way it was supposed to be. He said "let them multiple after each kind". Don't mess with creation, it is good. He basically said He didn't need anyone to try to improve on it.

When man decides what he wants to do to the earth, it upsets the make-up of the earth. Men do the imagination of their own hearts and the earth pays the price. The earth re-acts in weird ways whether it be hurricanes, volcanoes, tsunamis, tornadoes or what have you. The world says that's mother nature doing her thing or they call it an act of God. The idea of the earth rejecting what is being done to it is on the right track. The secular world, which includes the pagan so-called christian church, who have no understanding of God, all of a sudden blame God for the earths negative reactions.

Deut. 29:29 "The secret things belong to the LORD our God, but the things revealed belong to us and to our sons forever, that we may observe all the words of this law." One of the ideas that many refuse to acknowledge is the fact that the torah is the secret that holds the universe together. The torah is the secret that holds families together. The torah holds your body together. The

torah holds cells and atoms together. It is what holds everything in the universe together. Again, that's why the scriptures say the Word of Yah (His torah) is active and alive and able to divide things like a two edged sword. When people turn away from the torah all the strange things begin to happen in the world. This is what we have witnessed for centuries. The world plummets into a state of upheaval and corruption that often manifests itself as natural disasters. Many blame this on the devil, when in fact it is simply happening because of the world not following torah, Yah's universal instructions for a balanced life for all humanity and the planet we live on.

Mankind manipulates and changes things just because they are able to do so, causing disruption and corruption in the universe. They began mixing and mutating things, which disrupts the entire pattern of things in the universe. When you mess with the instruments you lose the perfect sound of that beautiful symphony.

Sky and Telescope Magazine says: quote "As if by a chain our planet's surface is connected intimately to the space environment". What happens on the surface of earth directly affects everything else in space because it is surrounded by an electromagnetic field.

A P Dubrow, a well respected geophysicist says: quote "All biological systems depend upon the electromagnetic field surrounding the earth for cellular communication". He is confirming that our cells communicate with each other. That is the reason our portable phones are called cell phones.

Restoration of the word

Yah is restoring a pure language in these latter days. He is establishing His people with the guidance of the spirit of Elijah to repair the breaches that mankind has established. He is revealing His Living Word to the remnant all over the world who love Him and keep His commandments. He has opened the seals of Daniel 12:4, and knowledge has become available for all who yearn for the truth. The Hebrew words that Yah used to create everything are once again being understood and used by His true bride, to restore all things in preparation for the end of days.

Isa. 58:12 *"And those from among you will rebuild the ancient ruins; You will raise up the age-old foundations; And **you will be called the repairer of the breach, The restorer of the streets in which to dwell**"*. The repairers of the breach are the people of His newly established Hebraic Roots movement. I believe that is why Yah is restoring the Hebrew language so people can see what the Word really says, rather than what their anti-Semitic pastors (CEO'S) have been telling them.

The things we say and the things we do affect everything around us and in the universe as a whole. Man needs to restore the torah in order for the universe and everything in it to get back to its original perfect order. Man's choice has been to corrupt it all in the name of prosperity and greed for money; and the control, domination and manipulation of that money. The Hebraic roots community is part of Yah's plan to restore what man has distorted on earth and in the universe in the latter days.

Gen. 18:19 *"For I have chosen him, in order that he may command his children and his household after him **to keep the way of the LORD** by doing righteousness and justice; in order that the LORD may bring upon Abraham what He has spoken about him."* Our

keeping of His ways brings upon Abraham and all his descendants the blessings of a perfectly balanced universe.

Gen. 6:5 *“Then the LORD saw that the wickedness of man was great on the earth, and that every intent of the thoughts of his heart was only evil continually.”* Yah revealed all the bad things that would happen in the end of days, in the beginning as the prophet Isaiah explained seven times.

We have a lot of people trying to figure out how the prophecies of old will play out in these last days. What many of these eschatologists don't seem to understand is that Yah told us to go back to the beginning to understand what will happen in the end. Most of these people go back to the prophets (Isaiah, Jeremiah, Daniel, Ezekiel), in the middle of the book, rather than the beginning in Genesis where the secrets are also made available.

In Daniels dream the words that were sealed up until the end of time are now made available for all who search for the truth of the original Hebrew scriptures. Now the seals have been broken and everyone has the ability to study and learn the fulness of the real meaning of torah.

Education and experts

Today people think education makes people smart. Studies now show that the higher people get into education, the dumber they get. It may make them smart in their specific field of expertise, but they become dumber in every other way (morals, ethics, geography, history, writing, reading, speaking, and arithmetic). They lose their ability to use common sense and logic because of their higher education. It was found that they also got more immoral. Their ability to do the most simple things and use common sense almost disappeared. They found that they could no longer spell properly anymore because of all the social media type short forms of real meanings and words. It was found that the home schooled children did not lose these natural abilities of common sense and moral values.

We are told that the experts are smart. That is a lie from the pit of hell. They have progressively become dumber because they look at science and theories as facts. Just because they call themselves experts doesn't mean they understand anything more than anyone with simple moral values and common sense, those who have a home a family and a piece of land.

A comical note

Those of us familiar with the SUNday type christian church altar calls remember when the pastor tells those who have come forward and accepted his Jesus to go home and read the bible. They do usually suggest these new babes go home and read the bible, but they do it totally wrong.

Where do those pastors suggest to start reading?

They almost always tell the babes to start in the book of John which is not where they should be starting. I think Yah knew this would be the case many years ago and that is why in the first verse of John He had the apostle John write the following. **John 1:1-2** *“In the beginning was the Word, and the Word was with God, and the Word was God.”* **2 He was in the beginning with God.** It seems that Yah knew these pastors would do things like that many years before they ever started doing it.

Have you ever considered that the reason Yah calls us His children is maybe because we don't understand His Living Word well enough to be called adults.

CREATION... EVOLUTION AND SCIENCE

In the following I will show very briefly how creation stands as the only explanation for all that the universe and everything in it originated. I will show that creation does not disagree with empirical science. That the two coincide. I will show that evolution is nothing but a foolish theory brought into existence by Satan himself to disrupt the educational

system and cause separation among the people of the nations. Regardless of whatever a so-called educated person explains to you, always keep in mind one very important simple FACT. **Yah created the universe. Whatever created the universe sustains the universe. It's that simple.**

You will find that what Believers in the Creator call faith, the evolutionist call theory. The evolutionists seem to agree that all matter of the universe was created about 14

billion years ago, yet they still can't explain where that so-called matter came from. A hopeless circle they go around, like a dog chasing its tail.

God created the heavens and the earth spoken of in the beginning of Genesis says it all. It is speaking of the heavens (solar system) and earth. No more is added to it. It is not describing the creation of the universe. There already was a universe, it just explains what took place after that when earth was formed.

MINDSETS

In this modern era we have been Hellenized, trained to think like the Greeks of old. For the most part, we have been taught to think in an abstract form, rather than a concrete form as the Hebrew people have throughout the ages. Greek thinking is linear, very static, stoic. Greek thinking is evolutionary type time line thinking. Hebrew thinking is creation thinking. Greek thinking is based upon the creation of man's law and Hebrew thinking is based upon Yah's law. We have been trained to think more philosophical, rather than concrete. In the western culture we speak a lot of words, but have little action to show for those words. The common phrase; "talk is cheap" is a perfect example of how most people in western culture think. We will spend many hours thinking how to do something, whereas a Hebrew person will simply go out and do it while he is thinking about it. Biblical Hebrew is an action (verb) language, rather than an abstract language. If you have ever

read about the great philosophers of old, many of them would gather around and discuss and argue about something for hours, days, and even weeks, yet very little was ever actually done as a result of the discussion. The phrase; **“Experts made the Titanic, Amateurs made the ark”**, says it all. Hebrew is concrete in its thinking process. By concrete I mean words spring forth from action, verbs, nouns come from verbs and so forth. The action is the most important thing. So what determines the base of what the noun means comes forth from their verbal roots. When you go back to the root words of all things Hebrew, it is concrete, things which you can sense with your five senses. Things you can touch, feel, sense, taste. The

following is a good example. In this verse it is talking about what a man who is blessed is like. **Ps. 1:3 *They are like trees planted by streams they bear their fruit in season, their leaves never wither, everything they do succeeds.***

Greek is abstract thinking. That’s where we get words like grace, belief, trust, faith and love from. If you take those words back into the original Hebrew and you will find concrete meanings for them not abstract. **John 14:15 *“If you love Me, you will keep my commandments.”***

Western culture has us in thinking ruts. Those of us who have learned the truth refuse to follow the cultural paradigm. In our culture we are constantly forced to think as a liberal or a conservative, a democrat or a republican. That same concept applies in christianity, you are either under the law or not under the law. Our culture has us all in little boxes. When our boxes are full people refuse to listen to anything someone has to say. This is the Greek type form thinking instead of Hebrew type function thinking. Greek thinking has us waste time explaining what something looks like and Hebrew thinking tells us quickly what its function is. That’s why when you read the Renewed Testament you will read about all the functions that Yeshua did, you will read almost nothing about what He or any other writers looked like. That’s just more proof that the entire bible was written in Hebrew. That’s the way Hebrew culture is. Our Hellenized culture forces us to act this way, that’s why so many have to have a picture or an idol to be able to comprehend who or what the Messiah looked like. We have been trained in our western thinking to require a picture rather than consider the function of the thought or idea in question. Hebrew teaches us to do something whereas Greek (western) culture teaches us to see something, to intellectualize things. We are trained to look at things but do nothing. That makes us a noun oriented culture. We know a lot of things about Yahveh, but we are not taught to learn to have a personal relationship with Him.

Everything is designed for human life on earth. When trying to understand about creation, evolution, and science in general, one must keep all these things in mind to grasp fully why we think the way we do and how it affects the outcome of our thoughts. With that being said, keep these things in mind when contemplating spirituality, science and evolution. Creationists simply believe that everything was made at the time of creation, exactly as explained in the Book of Genesis. The following scriptures give a good over-all view of the concept.

Ps. 8:4 *“When I look at your heavens, the work of your fingers, the moon and stars that you set in place”*

Ps. 8:7-9 *“you had him rule what your hands made, you put everything under his feet sheep and oxen, all of them, also the animals in the wilds, the birds in the air, the fish in the sea, whatever passes through the paths of the seas.*

Science and creation do not contradict each other in any way. Many theories in science do however cause problems with people. The scriptures explain to the wise exactly what science has verified for many years. The two are not apart from each other. The problem that occurs is when people try to get the theory of evolution mixed in with proven scientific facts. That’s why there is so much misunderstanding in regards to science and creation. It is when evolution is considered science that problems appear, and rightly so.

TIME

The whole universe operates in cycles, yet the world has been taught time-line thinking through Darwanism (evolution). We have been taught that time and history are just one long straight line instead of cyclical. Then they chop up this time into little pieces and call it dispensationalism. You will hear many christians use this way of thinking when they say things like: “that was in the Old Testament” or “now we are in a period of grace”.

Mal. 4:4-6 *“Remember the law of Moses My servant, even the statutes and ordinances which I commanded him in Horeb for all Israel. 5 “Behold, I am going to send you Elijah the prophet before the coming of the great and terrible day of the LORD. 6 “And he will restore the hearts of the fathers to their children, and the hearts of the children to their fathers, lest I come and smite the land with a curse.”* The last recorded words of the prophet Malachi was a message from Yah telling us that He would do three things before the end comes.

- 1) He would help us remember the torah of Moses.
- 2) That He would send us the spirit of Elijah to remind us of how important the torah is for all.
- 3) He would restore the torah on the hearts of His remnant.

“Yah creates stones, man makes bricks”. Man makes bricks that are uniform. They all seem alike. They all fit together forming a man made support system. Yah’s support system is divine, made from stones unified with the mortar of the torah, with Yeshua as our chief cornerstone.

One of the biggest problems we have today in science is the fact that everything in regards to time and creation are based on what we call a standard of the speed of light, which has always been accepted as 186,000 miles per second. The fact is, even though this is almost impossible to measure in the first place, the speed of light has been slowing down as per scientific data. Many assume the speed of light has always been constant or close to it, but we do not know this for sure. When Yah created the universe and earth as we know it, the speed of light may have been totally different then what it is now. Yahveh is outside of time and space as we know it, so there are no law regulating what speed of

light He decided to use at that point in time, or what He decided to use since that time. That so-called constant that scientists want to use as a basis for all other calculations, may not be the same speed now as it was at the time of creation. Those who understand this realize that it changes everything science uses in regards to time and space. It literally changes everything.

The law of cause and effect is that effects will come from the cause, that what we see comes from something. Like kind produces like kind. Either you believe something came from nothing, or you believe that something always was. There is no third choice.

There are two basic types of science, one is empirical and the other imperial. **Empirical science is proven science that can be duplicated time and time with the same end results. Imperial science is thought science. It is the science of theories, ideas, concepts that have never been proven.** The difference between the two is obvious.

For hundreds of years we have had evolution taught in the school system even though it is unproved. Hitler once said; "if you say a lie long enough, people will believe it". That pretty much explains how society as a whole has been duped into even considering the theory of evolution. This has caused serious problems throughout all cultures all over the world for absolutely no reason other than to satisfy Satan's need to disrupt, lie and destroy mankind. Satan is the master behind evolution and he has done well for himself over the years. It is only the people of Yah that can reveal Satan's trickery to the masses, because in most cases he has the governments of the world totally under his control. If you can control the language and thinking of the population, you have them under your thumb, and that is exactly what has been going on for many hundreds of years. Those who have been "born again" are the only ones with the ability to expose the lies of this deceiver through the "global warming", "new age", "evolution", "big bang theory", etc. type thinking going on across the globe.

EMPIRICAL SCIENCE

Empirical science is that which can be tested and proven. Under controlled conditions things can be duplicated and the same occurrence happens every time. True empirical science is in total harmony with scripture. There is a law called "the law of biogenesis", if you have a theory and it violates a known law then by definition, according to known science, that theory can never become a law. Evolution is not science, nor can it ever be because it violates this law of biogenesis.

IMPERIAL SCIENCE

Imperial science is a system that controls your thinking. A so-called scientific system that controls the way we think today. We have been trained to think that the THEORY of evolution is actually a fact. We have been brainwashed into believing it is truth when in

fact it has never been proven. People who believe things like this oppose the idea of creation because they have been told that creation is a religious concept, that it opposes science, and evolution is science. Satan brought into existence the concept of evolution long long before Darwin and it has affected many things in the way mankind thinks. It has affected our morality (immorality), the way we treat each other, abortion, how we see marriage, wars, health, and nutrition. Evolution is the background of most major religions, Buddhism, Confucianism, Taoism, Hinduism, Sheikism, Shintoism, Mormonism, Animism and all the New Age religions. Evolution itself is a religion.

Evolution is a belief system for people who refuse to recognize an all powerful creator. They do this because once they do, then by definition they would have to be responsible to that creator for their own actions. Many in mankind simply refuse to accept their responsibilities, so they follow a system like evolution so they are not held responsible for anything in their lives or in the lives of others. There is no question that the evidence available is hugely in favor of intelligent creation. We have a Book available to us written by Yahveh who says He was there at the beginning and few want to believe it, yet we have books written by many who were not there at the beginning, yet people believe what they have to say. It makes no sense in the simplest manner. Obviously there is a flaw in that view.

SCIENCE FOUND IN SCRIPTURES:

The following is a brief list of where science is found in scripture:

The science of motion (cause and effect): Gal. 6:7, Job 4:8,

The science of hydrology (the properties of the earths water, its movement in relationship to land): Eccl. 1:7, Isa. 55:10,

Evaporation can be found in Psa. 135:7, Jer. 10:13,

Condensation can be found in Job 26:8, 37:11, 16,

Precipitation can be found Job 36:27-28

Oceanic reservoir: Psa. 33:7

Hydrologic balance: Isa. 40:12, Job 28:24-36,

Thermodynamics is the study of heat, the dynamics of energy.

Science of energy: first entropy law of thermodynamics: [first..nothing changes in and off itself] Gen. 2:2, Eccl. 1:9-10, 3:14-15, Nem. 9:6, Isa. 40:26. Nothing is now being created and nothing is being destroyed. Genesis says it was finished and Yah was pleased with what He had created, "they are good". **Eccl. 1:9-10** "That which has been is that which will be, And that which has been done is that which will be done. **So, there is nothing new under the sun. Is there anything of which one might say, "See this, it is new"?**

Already it has existed for ages Which were before us.” **Eccl. 3:15 That which is has been already, and that which will be has already been**, for Yah seeks what has passed by.” **2Cor. 4:18** while we look not at the things which are seen, but at the things which are not seen; for the things which are seen are temporal, but **the things which are not seen are eternal.**” The things that we see, things that have mass, is all temporal, but the things that are unseen (Yah and His Spirit), are eternal. Because these things are not made of mass, they are not subject to entropy. Things don’t cease to exist, they simply change form. True empirical science now realizes this is the truth. Everything here is energy, (all mass and matter). That energy came into being when Yah’s Spirit moved upon the waters (Gen. 1:2). Energy enters into the universe, His vibration induces energy. When Yeshua died on the stake at Calvary, He simply changed from one form of energy (mass) to another. We will experience this same thing at the end of time when we are taken out of this world.

Only mass corrupts, things that are not mass do not corrupt, they are just as powerful today as when revealed 6000 years ago; “in the beginning”. This explains why we are corruptible as a mass of energy, and why Yah is not corruptible because He is Spirit. We have the ability to take that energy now, manipulate it and change its form. That was the beginning of all things. Our physical bodies are very limited because we are corruptible compared to Yah’s incorruptible Spirit body. When we get our new Heavenly bodies we will understand this concept.

Science of energy: second entropy law of thermodynamics; [second..everything eventually leans towards corruption..from order to disorder..from perfection to corruption] Gen. 2:17, 3:17, Rom. 8:20-22.

The second law of entropy (empirical law) of thermodynamics dynamics is the most certain and accepted laws of all laws of thermodynamics. It always wins in the end. It’s called the law of conservation of mass energy. This law states that there is nothing being created and nothing being destroyed. **Nothing can create itself, something has to create it. It takes an outside entity to create something.**

These verses line up perfect with the second law of thermodynamics. Here we see science lines up perfect with scriptures. Things that exist don’t simply go into non existence, they simply change form. This is the basics for the resurrection. As Einstein stated, everything here is energy (all mass and matter). That energy came into being in Genesis when the Spirit of Yah moved upon the water. **Gen. 1:2 “And the earth was formless and void, and darkness was over the surface of the deep; and the Spirit of Yah was moving over the surface of the waters.”** Here we see energy from Yah’s Spirit comes into the universe. His energy hovers above the waters and vibrates, if you will. This is the beginning of existence of everything. The origin of all energy.

Humans are able to change the form of that energy. Example: we can take wood and burn it and produce heat. Power plants are another good example. Man has learned how to control and manipulate the energy to produce things he requires. Science knows that the last form of energy is indeed heat. This heat simply dissipates in the universe, it doesn’t cease to exist. That’s why when a person dies they get cold. Their energy dissipates into the atmosphere. Our body is constantly producing heat and when we die that heat must dissipate. The body then goes back to the dust from whence it came as per

Genesis.

Science of geology (principle of isostasy): Isa. 40:12, Psa. 104:5-9,

The shape of the earth: Isa. 40:22, Psa. 103:12,

The rotation of the earth: Job 38:12,14,

Gravitation of the earth: Job 26:7, 38:6,

Rock erosion: Job 14:18-19,

Glacial period: Job 38:29-30,

Uniformitarianism (theory that changes in the earths crust have resulted from the action of continuous and uniform processes): 2Pet. 3:4,

Astronomy (the size of the universe): Isa. 55:9, Job 22:12, Jer. 31:37,

The number of stars: Gen. 22:17, Jer. 33:22,

The precision of orbits: Jer. 31:35-36,

The variety of stars: 1Cor. 15:41,

The science of meteorology (the circulation of the atmosphere): Eccl. 1:6,

The protective effect of the atmosphere: Isa. 40:22,

The oceanic origin of rain: Eccl. 1:7,

The relationship of electricity to rain: Jer. 10:13,

Biology in respect to blood circulation: Lev. 17:11,

Biogenesis and stability (the hypothesis that living matter arises only from other living matter): Gen. 1:11, 21 & 25,

The uniqueness of man: Gen. 1:26,

The chemical nature of flesh: Gen. 1:11, 24-27, 3:19, 1Pet. 1:24-25,

Physics, the mass to energy equivalence: Hebr. 1:3, Col. 1:17,

Atomic disintegration: 2Pet. 3:10

Radio waves: Job 38:35,

NOTES

The speed of light has been slowing down over the years.

The earth is also spinning slower than it once was.

We know that the oldest known trees in the world are about 4300 years old.

They also estimate that the oldest known writing (pictographs) go back to around 5000 years ago.

Everything in existence comes down from Yah: Nem. 9:6, Isa. 40:26, Eccl. 3:14, 2Pet. 3:7, Col. 1:17, Hebr. 1:3,

BORN AGAIN (Like kind producing like kind)

The law of life's kind means that something produces something the same.

Mutations can exist but the principal is simple; something produces something the same from it. Death means a separation from the source of life. Yah is Spirit (life), and through His Spirit in us we are not separated, but a part of life for eternity, if we are "born again". When we are born again His Spirit gives life to our spirit and we have what the bible calls eternal life (2Cor. 4:18).

The spirit is eternal because it is unseen. That spirit is not subject to wearing out or corruption because it is the spirit of life. What form the spirit exists in forever is not known.

The body however changes back into the energy from which it was formed when it dies. Ashes to ashes, dust to dust.

The spirit is brought into existence by Yah. Yah created Adam in His image. Man came into existence as per Genesis, but he does not cease to have existence. He simply, depending upon his choice, changes form. That energy

known as spirit, soul and body changes form the moment he is born again. The spirit and soul is part of the man because they are in the blood.

Because of the fall of man, Adam produces something after the likeness of himself, not the likeness of Yah. Originally man was made in Yah's image but because of the fall that image changed to that of Adam (Gen. 5). **That's why it is essential that we have a new birth, so that Yah's Spirit can give His life to us. That is like kind producing like kind.**

Once we are born again our life spirit cannot be corrupted. Our fleshly body eventually corrupts and deteriorates but not our unseen life spirit given to us by Yah. **1Cor. 2:10-16** *For to us Yah revealed them through the Spirit; for the Spirit searches all things, even the depths of Yah. 11 For who among men knows the thoughts of a man except the spirit of the man, which is in him? **Even so the thoughts of Yah no one knows except the Spirit of Yah.** 12 Now we have received, not the spirit of the world, but the Spirit who is from Yah, that we might know the things freely given to us by Yah, 13 which things we also speak, not in words taught by human wisdom, but in those taught by the Spirit, combining spiritual thoughts with spiritual words. 14 **But a natural man does not accept the things of the Spirit of Yah;** for they are foolishness to him, and he cannot understand them, because they are spiritually appraised. 15 **But he who is spiritual appraises all things, yet he himself is appraised by no man.** 16 For who has known the mind of the Lord, that he should instruct Him? But we have the mind of Messiah.*

Yah's children are born again not of a physical seed, but of the seed of Torah (Word). The Word is the seed from which we as Believers grow, and our fruit is the result of how much nourishment is given to the seed. This is the law of like kind. Something planted produces something alike. **Matt. 15:13** *"But He answered and said, **'Every plant which My heavenly Father did not plant shall be rooted up.'**"*

THE TWO SEEDS

The two seeds are WORDS. The true word (Torah), and the false word represented in many religions like Islam, Roman Catholic, etc. The Word of Yah stands for life and any other word represents death. Satan uses religions to destroy the idea of life in the Torah. The battle in our world today is between these two seeds in their various forms. It's not the first one that you put your seed into that is my first born, it is the first one that I put my

seed into that is my first born. Human beings are only capable of producing another human seed, the children of Yah are not produced by a physical seed. Yah's seed is not black or white, because it is a spiritual seed. Yah's seed is not male or female, Jew or Gentile; His seed is spirit. In Abraham shall all the families of the earth be blessed. What was in Abraham? The Word of Yah, Yah's seed. He believed Yah and his belief was counted unto him as righteousness. Yah knew that between Ishmael and Isaac, Isaac was going to have faith in Yah and Ishmael was not. Yah knew this from the very beginning. It's the Word that blesses you, nothing else. It's that physical seed of Abraham, Ishmael, that produced the eternal enemy of Isaac. Both Ishmael and Isaac had the physical seed of Abraham in them but only Isaac had the Word in him. This concept is consistent throughout scriptures. We see an example of it at the time of Noah's Ark when the raven (representing the Arabs) flew out, wondering about to and fro, never returning. The dove goes out and returns with an olive branch. The dove produces the fruit and the raven wanders about, never returning home. This is a picture of the two seeds from the beginning. The raven is Ishmael's seed and the dove is Esau's.

The seed is the Word of Yah. The true Word, or the false word being taught. The word is also representative of Esau and Ishmael.

Abraham had the seed of the Torah, that seed will bless people if they obey it.

The seed of the Messiah is in the fruit, if you change that fruit you produce another seed, the false holy spirit. The tares of the bad seed include the thorns, thistles, chaff, and all the worthless grass of the field.

Sarah and Hagar (Abraham's wife) are like the two seeds, one physical and one of the promise. **Gen. 12:3** *And I will bless those who bless you, And the one who curses you I will curse. And in you all the families of the earth shall be blessed.* . Abraham was our model of what faith is. Abraham's seed is an idiom for Yah's seed. It was the Living Word alive in Abraham that was his seed passed on to all generations that believe and follow the God of Abraham.

Gal. 3:6-7 *Even so Abraham believed Yah, and it was reckoned to him as righteousness. Therefore, be sure that it is those who are of faith who are sons of Abraham* . First the seed, then the fruit. That is the basis of everything Paul teaches in Galatians.

Matt. 12:46-50 *While He was still speaking to the multitudes, behold, His mother and brothers were standing outside, seeking to speak to Him. And someone said to Him, "Behold, Your mother and Your brothers are standing outside seeking to speak to You." But He answered the one who was telling Him and said, "Who is My mother and who are My brothers?" And stretching out His hand toward His disciples, He said, "Behold, My mother and My brothers! "For whoever does the will of My Father who is in heaven, he is My brother and sister and mother."*

EVOLUTION COMPARED TO CREATION

Evolution is theoretical science. It is nothing but an unproved idea. It is very important to not let theories get in the way of true empirical science.

Belief in evolution shapes moral values in our society. If you don't believe there is a higher power than you will consider yourself above everyone else. People will then think

that they can do anything as long as they don't get caught. We must all recognize that there are people on earth we must give an account to; police, judges, parents, teachers, etc. If one believes in evolution they only need to account to themselves, they feel responsible to no other persons. The attitude is "I'll do what I want to do as long as I don't get caught". This leads to existentialism, a philosophical theory that emphasizes the existence of the individual person as a free and responsible agent determining their own development through acts of the will. This basically means that man has the ability to make his own laws and needs to be free in order to do whatever he pleases, whatever he thinks is right. This sounds good, but what happens when someone does something obviously unacceptable? It creates a problem obviously because everyone has a different idea of what's right and wrong. That system causes chaos. That system is lawlessness, which in simple terms is Torahlessness. According to our bible lawlessness is sin 1John 3:8. It all makes sense.

Freedom is the ability to work within a law (harness), not the ability to do whatever one pleases without any responsibility to fellow man. This theory sounds good until someone causes you harm, then, suddenly people say we need to make a law in regard to that. That is what has happened to our society, man makes his own laws and we end up with what we have now, a legal system, with no regards for justice whatsoever. They say they want to be free, yet they end up making an endless amount of their own laws. They are replacing Yah's laws with their own laws because they think they are supreme, hence we have the Supreme Court. Joseph Stalin and Adolph Hitler are examples of what happens when people honestly think they are smarter than all others in regards to laws.

Evolution is what the Arian nations and other white supremacist groups use as their belief. They believe that black people have not evolved as much as whites, making them lesser. Evolution is the basis for their white supremacy thoughts and ideas. This belief is of course directed by Satan himself.

How is it we find horseshoe crab fossils at the tops of mountains like Ararat? There must have been a cataclysmic event that happened instantaneously around the world so that all these things were mixed up. A fossil cannot occur over billions of years, it must happen instantly in order for it to be preserved. Living matter can't be fossilized into the rock because it would die and decay. The idea that fossils are evidence of evolution is a joke. The truth is; if you take something like a horseshoe crab and put it under extreme pressure, it will be embedded in the rock. In other words, something happened, a tremendous amount of pressure on earth caused the instantaneous trapping of these living things.

WHAT KILLED THE DINOSAURS?

Dinosaurs lived prior to the flood. How long before we are not sure. Some may have even been alive at the time of the flood. Many believe that those on land were referred to as Behemoth and those in the water as Leviathan. There are many examples in the fossils of high places where many of these natural enemies even accumulated together to try to survive the flood. Why would dreaded natural enemies gather together on hilltops is a question one needs to ask themselves. Obviously it was because of the flood.

Archaeological records could be the records of their destruction at the time of the great flood.

Magnetic strength of the earth

The magnetic strength of the earth is decreasing. It is the magnetic poles that are responsible for the air pressure and oxygen rates on earth. These decreases can be extrapolated to show that 6000 years ago there was much more oxygen in the air. They calculate that there could have been as much as twice the amount of oxygen in the air 6000 years ago as compared to today. They also know that dinosaurs required much more oxygen to survive than us humans. If the oxygen levels were suddenly decreased by 50% it would have killed every species of prehistoric animal on earth.

Because there was much more oxygen in the air, the animals and plants would have grown at a much faster rate than in today's climate. Scientists also know that at those oxygen levels the animals would have grown much older. Humans could have grown much

older too because of the extra oxygen. The plasma in the blood at that level would have been super saturated, causing us to do all kinds of great things physically. They estimate that this difference would have been extreme for humans. For example, with twice the oxygen level a human could run a hundred miles before becoming exhausted.

Scientists have found tiny air pockets in the fossils of some insects that reveal the oxygen level was more than double what it is today compared to when the insect was fossilized. Scientists have taken plants and grown them in hyperbaric chambers with high oxygen levels, finding out that the plants grew huge and their fruit was even huge. Technically it would have been the carbon monoxide given off by the animals and plants that would have caused them to grow much larger, not the actual oxygen.

Ps. 19:2-7 *"The heavens declare the glory of God, **the dome of the sky speaks the work of his hands.** Every day it utters speech, every night it reveals knowledge. Without speech, without a word, without their voices being heard, 5 their line goes out through all the earth and their words to the end of the world. In them He places a tent for the sun, 6 which comes out like a bridegroom from the bridal chamber, with delight like an athlete to run his race. 7 It rises at one side of the sky, circles around to the other side, and nothing escapes its heat. (CJB)*

When the canopy (dome) was removed at the time of Noah's great flood and the earth gave up its water, everything changed and the dinosaurs died instantly because of a lack of oxygen in the atmosphere. At the time of Adam and Eve there was still probably more oxygen and that is the reason the Garden of Eden was so incredible lush and nourishing. It would have contained huge plants, fruits, and vegetables. The decomposition of these plants and animals would have formed more oil deposits in the earth than under today's oxygen levels. That could also be the reason many people like

Methuselah lived so long.

Population rates

In 1800 it is estimated there were about 1 billion people on earth. In about 30 AD (the time of the Messiah) there were about 250 million people on earth. With those rates, if we take them backwards, all things being equal, using the same ratios (all things being equal), if man had been around for 1.6 million years like many claim, using that same logic, today there would be 150,000 people per square inch. If however you take these calculations to about 6000 years ago, it is estimated that there would have been less than a dozen people on earth, just like the time of Noah and his family.

In 1985 there were 5 billion people on earth.

In 2009 there were about 6 billion people on the planet. Just to give a visual aid for this I will reveal that 6 billion people could be put together standing side by side twice in the city limits of many major cities throughout the world. It's a lot of people, but the reality is, there is a lot of space on earth. The radius of the earth is 6378.1 klms.

Moon moving away

The moon is also moving slightly farther away from the earth in its orbit around the earth. This is a scientific fact that can and has been calculated out. If we extrapolate those calculations backwards we find out that if the earth was hundreds of millions of years old the tides upon the earth back then would have wiped out every living thing on the planet twice a day. However, when those same calculations are used 6000 years back everything fits in perfect harmony with what we believe in the Book of Genesis and what exists right now.

Dust on the moon

We know that dust collects on the moon and earth. If the moon was 100's of millions of years old like evolutionists claim, according to Nasa's calculations, the dust on the moon should have been from a couple hundred feet deep to several miles deep. As of 1969 we now know that the dust was only a few inches thick. This is more proof that our solar system is not as old as many try to proclaim it to be.

FOSSILS

Any amount of research will reveal to those interested, that the transition concept taught in regards to evolution is simply hogwash. Of all the millions of fossils found there has never been one fossil that shows an animal in transition, as evolution speaks of. There has never been a fossil of an animal with a fin and a wing, or hair and a gill, etc. As far as most intelligent people go, this very fact is enough to throw the theory of evolution out the door where it belongs. Because they have never been able to come up with proof of this ridiculous theory many have now been looking for ways to explain the discrepancy. They have been unable to come up with any fossils to back up their evolution theory in regards to transitions of animals, so many came up with what is called the "hopeful monster theory". This theory states that for example; all of a sudden a frog became a bird. In other words there was no transition, it just happened instantly. A monkey immediately becoming a man would be seen as a joke, yet a monkey becoming a man over many years is considered science to many. How can this be? This is called spontaneous generation, yet this theory of course has never been observed.

The age of fossils is determined, according to the encyclopedia, by the age of the rock strata in which they lie.

Palaeontology, on the other hand says the age of the rocks are determined by the age of the fossils found in them. The circular thinking of these two statements is easy to see. It is absurd to make such statements.

THE ATHEIST AND EVOLUTION CONNECTION

You will find that almost all those willing to honestly believe in evolution are atheists and putting it another way, almost all evolutionists' are atheists. It must be very hard to be an atheist, one must deny everything around us that Yah has created. This would be a full time job of denial to the max. Imagine an atheist looking at a new-born baby, does he shake his head in wonder or does he just deny what his eyes behold? Now imagine this scenario on a worldly scale. Everything he does, sees, experiences around him he must be in denial of. For those who think being a believer in the Holy One of Israel is a big task, imagine just how overwhelming the life of an atheist/evolutionist is. Talk about bondage or what?

Think about the following in regards to being an atheist:

- 1) In order to be an atheist/evolutionist one must first believe in something that everything around them is in opposition to.
- 2) In order to be an atheist/evolutionist one must believe the opposite of what science itself proves, that nothing produced something.
- 3) In order to be an atheist/evolutionist one must believe that non life produced life.
- 4) In order to be an atheist/evolutionist one must believe that randomness produced fine tuning.
- 5) In order to be an atheist/evolutionist one must believe that chaos produced information.
- 6) In order to be an atheist/evolutionist one must believe that unconsciousness produced consciousness.
- 7) In order to be an atheist/evolutionist one must believe that non reason produced reason.
- 8) In order to be an atheist/evolutionist one must accept the fact that naturalistic processes have utterly failed to explain how nonliving chemicals could somehow self-assemble into the first living cell.

At times you will hear evolutionists and atheists say that those who believe in a God who created all things is a big pill to swallow. Can you imagine the pill they must swallow everyday while in denial of everything they experience in life around them. It must be extremely hard to be an atheist or evolutionist. I pity them.

SUMMARY

To briefly sum things up, science in general does not negate creation by Yahveh. Once a person understands the way our mindset has changed over the years, it helps us realize why many have been trained (brainwashed) over the years, to accept the theory of evolution as fact. IT IS NOT!! It has no evidence whatsoever that the theory works and

simply goes against the laws of physics. The sooner people realize the foolishness of this theory, the better.

The story of creation however, as described in the Book of Genesis and confirmed elsewhere in scriptures, stands alone as the cornerstone of all that exists. The simple explanation of there being a Mighty Creator who created all that exists stands unchallenged after hundreds of years of attack by Satan's secret agents working in the various fields of education and supposed science. Satan is the one behind this evolution theory and he does not want people to know about or acknowledge the loving Yah that created mankind and all that is in the universe for the pleasure of mankind on planet earth. Everything was created for His people on earth. Those who become born again and accept His creation have the peace of mind about life that atheists, new age people, tree huggers, etc, will never experience until they get set free from the bondage of Satan.

To sum it up in agreement with a world renowned physicist Dr. Frederick Hoyle: "The likelihood (odds) of the formation of life originating from inanimate matter is a 1 with 40,000 zero's behind it. In other words, there is no chance of that happening."

The fish, wildlife, mountains, and flowers, etc. that we enjoy so casually everyday were created for us by Yahveh (YHVH), the God of Abraham, Isaac and Jacob. Please don't allow any fool try to convince you all of this was by chance, from a big-bang, splash or what have you.

We didn't evolve from a "monkey" to a man; we have evolved from a man to a "monkey"

The religion of cross-species evolution that should be known as "the goo to you by way of the zoo" cannot be proven in any way shape or form. There is no evidence whatsoever that things evolve. The truth is, the artists of evolution are the ones who have created the myth. Their pictures show what they assume happened but there is no proof whatsoever. They take one or two bones and construct a complete picture with their imagination good enough to fool uneducated and educated people in masses.

Evolution can best be described as: nothing working, on nothing, by nothing, through nothing, for nothing, and beget nothing.

All those who believe in or teach evolution are fools. Some of them may have derived from "apes", but that's their problem. The rest of us are human.

(Mar 22/16) Jerry Hennig
