# Feast of Sukkot

**Sukkot** is the sixth Holy feast of the year, picturing another step in Yahweh's Master Plan for all mankind. It is a time of great rejoicing and celebrated for seven days with the first day being a High Holy Day. No laborious work should be done on this first day.

For ancient Israel, not only was this a great time of rejoicing, but they were also celebrating the abundant food supply that was harvested right before the feast.

**So, when is the feast of Sukkot observed?** Scripture tells us:

*Speak to the sons of Israel, saying, in the fifteenth day of this seventh month shall be a Feast of Booths, seven days to Yahweh. On the first day shall be a holy gathering; you shall do no laborious work.*

 **Leviticus 23:34-35**

The Feast of Sukkot is a yearly reminder, picturing the happiness and joy that Yahshua Messiah will bring worldwide, when Yahweh's soon coming kingdom is set up on this earth. This feast also symbolizes the great re-gathering of all His people at Yahshua's return.

*For I will take you from the nations and gather you out of all the lands and bring you into your land.*

 **Ezekiel 36:24**

Yahweh at this time, will also re-gather all 12 tribes of Israel (not only Judah) and restore them back as one nation of Israel.

*And I will make them one (Echad) nation in the land, on the mountains of Israel, and one King shall be for a king to all of them. And they shall not be two nations anymore. And they will not be split into two kingdoms anymore.*

 **Ezekiel 37:22**

**How do we celebrate this feast?** Again, scripture tells us:

*You shall sit in Sookkuhs for seven days; all who are native in Israel shall sit down in Sookkuhs, so that our generations shall know that I caused the sons of Israel to live in Sookkuhs, when I brought them out of the land of Egypt; I am YAHWEH your Elohim.*

 **Leviticus 23:42-43**

By doing this and coming out of your everyday surroundings, it gives Yahweh's people a small taste of what the Millennium reign will be like when Satan and his society are gone and the spirit of Yahweh is leading the whole world.

# Harvest Fruit Trees Fun Facts

## Pomegranate Tree:

Can live very long and believed to be one of the oldest fruits. There are some known to be over 200 years of age. They usually grow 12ft (3.5 M) to 16ft (5 M) tall as a round shrub or small tree, but can reach up to 30ft (9 M) tall in ideal conditions. This tree produces stiff branches covered with glossy, leathery lance-shaped leaves. Some varieties of pomegranate trees grow spines along the branches. The red or white flowers spread over an inch wide.

## Date Palm Tree:

They usually grow best in dry, desert climates. They can reach heights of 40ft (12 M) to 70ft (21 M). The tree is very functional and every part can be used for something. The leaves can be used for fences to protect against wind. They can also be woven into baskets, mats, brooms, beds, ropes and also made into furniture. The trunk can be used for construction timber to make roofs, boats and bridges. The elastic fibers that cover the trunk are used for camel and horse saddles.

## Fig Tree:

They usually grow best in Mediterranean and dryer-warmer climates. They grow typically between 10ft (3M) - 30ft (9M) but could reach heights up to 50ft (15M) tall. Their branches are muscular and twisting, spreading wider than they are tall. The leaves are bright green and grow very large in size.

## Olive Tree:

The olive tree can grow to be very old with an average life of 300-600 years. Some of the olive trees found today in the Garden of Gethsemane are believed to be almost two thousand years old. The greenery is dense, and when it becomes old, the trunk obtains a unique pattern of twists and turns, bumps and knots, on its bark, giving the tree a very interesting appearance.

## Grape Vine:

Grape vines are among the earliest wild plants cultivated by humans. There are about 50 species and have a long life, averaging 60-70 years. The typical growing season for a grape vine is 150 to 180 days, during which time it can produce 25 to 30 pounds of fruit. The vine can grow up to 50 feet long and have about 40 clusters of grapes at a time. In the wild, grapes depend on trees for support. In farming, they need you to provide them with support.

After that, the family of Yahweh will be ready for the final step, the Great White Throne Judgment.

For well all must appear before the judgment seat of Messiah, so that each one may receive the things done through the body, according to what he did, whether good or bad.

 *2<sup>nd</sup> Corinthians 5:10*

This is where all the people that ever lived will be judged for the things done in their life, both good and bad.

And I saw the dead, the small and the great, standing before Yahweh. And books were opened. And another Book was opened, which is the Book of Life. And the dead were judged out of the things written in the books, according to their works.

*Revelation 20:12*

# Answer Key for Puzzles

## Solution – Going up to Jerusalem

Andrew **rode his horse (Clue 1)** and **Caleb rode is camel (Clue 4)**. **Seth couldn't** have rode the donkey because his name is last alphabetically (Clue 3). So Seth **must've walked** and **Jacob must've rode the donkey**.

Jacob left on Yom Shanee (Clue 3) because he rode the donkey. Caleb never left on **Yom Revee'EE (Clue 2) because he brought Pomegranates with him (Clue 4)**. He also couldn't of left on Yom Rishon because he left a day after his brother who harvested grapes (Clue 3). So **Caleb must've left on Yom Shleshee**. Andrew never left on Yom Rishon (Clue 1), so this only leaves Yom Revee'EE and Seth had to of left on Yom Rishon.

**Caleb brought with him pomegranates (Clue 4)**. Seth must've brought with him olives because his name is last alphabetically after his brother who rode the donkey (Clue 3). Jacob left a day before Caleb, so he brought with him grapes. So **Andrew must've have brought with him dates**.

Andrew	Yom Rivee'EE	Horse	Dates
