

Advanced Fetal Monitoring: Issues in Safety, Choice and Consensus

Save the Date!

CHOOSE: March 9th or March 10th

**Time: 0800 to 1600 Location: Boulder Falls Conference Center
605 Mullins Drive, Lebanon, OR, 97355**

Presented by: Lisa Miller, CNM, JD
Perinatal Risk Management & Education Services (PRMES)

Audience: Obstetric-related physicians/providers, RN's, Risk and Quality staff, and other interested health care providers.

Topics covered will include:

- Interactive self-assessment—Do our teams have a shared mental model in EFM?
- Communication and teamwork—Why the NICHD alone is not enough, common errors in EFM
- Physiology of fetal oxygenation and it's role in EFM interpretation
- EFM management and decision support
- FHR practicum
- Intermittent monitoring: fact versus fiction

Conference Cost: \$249 **Cost covered by education funds for SHS RN's**

Registration: SHS Staff must obtain manager approval prior to registration and/or attendance at any class, workshop, or presentation. Once approved for registration, please access Performance Manager to register. For non-employee or SHS registration assistance, please contact Professional Development at (541) 768-5116.
