

Please Join

A panel of highly respected African American Executives
for an open conversation on Climate Change and how it affects our community and businesses

An Educational Forum On OUR ENVIRONMENT

COME OUT AND LET YOUR VOICE BE HEARD

The Black Community is the most affected and least informed on Climate Change issues. We will hold a panel discussion on Climate Change, its effect on our community, and share State funded opportunities designed to reduce Greenhouse Gas emissions.

Quentin Foster
Director
California Climate & Energy
