

RhythmFlightRadio Privacy Policy

RhythmFlightRadio respects your privacy

RhythmFlightRadio is committed to protecting your privacy. This privacy policy explains how RhythmFlightRadio uses and protects data that is voluntarily given.

Any identifying information it will be used in accordance with this privacy statement.

This privacy policy may change thus any user should revisit the policy to keep current with changes. This effective date of this policy is 17 July 2020.

RhythmFlightRadio only collects information that is voluntarily given. This information may include contact information such as name, address and email address, demographic information and/or information pertaining to preferences and interests.

RhythmFlightRadio will use this information to provide better service or send promotional emails and will not give, sell, or rent the information that we collect to a third party such as an advertising company. We secure all data that we collect.

When connecting to our radio stream, your IP address will be sent to our radio service provider in order for us to track listening trends and provide licensing bodies with royalty reports. Once our service provider receives your IP it is immediately anonymized, deleted and becomes untraceable. This data is never sold on or passed to other companies.

COOKIES

Cookies are small files that are sent from websites to users' computers and store the user's information to optimize RhythmFlightRadio's site, make visiting the site again easier, and sending ads. They help the site to adjust to visitor's preferences and needs.

We use traffic log cookies to identify which pages are being used. Once analyzed the data is removed from the system. Overall, cookies help us to be our best. By monitoring which pages are useful but it does not give us access to your computer or device or any information that you did not voluntarily provide.

It is your choice to accept or decline cookies. While most browsers accept cookies automatically, you may change your browser settings to decline cookies. Please note that this may keep you from making full use of the app.

APPS

iOS Apps

The RhythmFlightRadio.com iOS App does not collect any user data when installed or launched on your device.

Android Apps

The RhythmFlightRadio.com Android App does not collect any user data during use. In order to provide audio control during Phone App use, the App will monitor the 'state' of the phone App (Idle, in call, call ended) if applicable on your device. At no point will the App be able to listen in or derive phone numbers or data. The Android App also requires access to local storage. This is to store it's configuration for faster launch times.

You may control the collection of your personal data by indicating that you do not wish for your information to be used for marketing if asked.

Contact us by phone or email (contact info located on main page) if you do not want us to collect or use your information, or if you would like us to delete or correct the information that we have obtained.

This page outlines our policy for the collection, use and disclosure of personal data when you use our services and the choices that you have associated with said data. By using the service you are agreeing to the collection and use of information in accordance with this policy
