

# Phone Photo Bingo

## Materials Needed:

- ❖ For the Caller: Make sure to make one extra copy of any card for the caller to randomly select items and they need a pen to cross them off as called.
- ❖ 1 pen for each team or each individual to cross out as they match.
- ❖ Print out 1 set of the 8 Bingo cards.
- ❖ If you need more cards, just take any card and on your computer, move the rows around so they are not in the same order as any other card and print it out.

## How to Play

- ❖ Caller will randomly select an item off of their card and cross it off once after read.
- ❖ Everyone on each team looks for the item called; when you find it, raise your hand and show your photo if you are the first on your team to find it.
- ❖ If you can, ask players to charge their phones in advance without telling the game.
- ❖ Divide your group into teams of 2-6. More than that, people may lose interest because they don't feel like part of the group. If you have table rounds of 8, divide them into 2 teams
- ❖ If your system does not support the font, just edit the font/size til it fits in the boxes.
- ❖ If time allows, you can randomly select a person to share where their photo was from, which adds a nice sharing and/or teambuilding to the group activity.
- ❖ This can also be done with each person having their own card for friends or family.
- ❖ If in a family/friend setting, you may want each person to share their photo story.
- ❖ Announce the Bingo goal: a bingo in a single line vertical, horizontal or diagonal, or a shape, like letter L (2 attached sides), picture frame (all outside squares), Black out (all), etc.
- ❖ Each team needs a person to cross off photos they get, and to watch and call BINGO!

## Rules

- ❖ Anyone caught grabbing photos from the internet to use (including Facebook) will cause the whole team to be disqualified.
- ❖ No fair looking in advance for an item; you can think about it, but not find/hold it.
- ❖ Each turn is about 45 seconds long, or less if all groups have found an item. After a new item is called, you cannot go back and mark an item called previously if it is found later.
- ❖ Think broad-mindedly when looking for the called item. Example: a car could be an automobile, a train car or a roller coaster car.
- ❖ No lewd, crude or rude photos!

## Prizes can be given to:

- ❖ First team to call Bingo for a single Bingo (vertical/horizontal/diagonal/4 corners).
- ❖ First team to call Bingo for 3 single Bingos (vertical/horizontal/diagonal/4 corners).
- ❖ NOTE: If there is a tie, call another item and the first team to come up with it wins.
