Droddy Rodzice, rozpoczynamy naukę kolejnych sylab z paradigmatu FA, FO, FU, FÓ, FE, FI, FY.

Uczymy wg zasady: powtarzanie, rozumienie, nazywanie.

Rodzic mówi: FA (dziecko powtarza), Rodzic mówi: FO (dziecko powtarza) itd.

Po utrwaleniu Rodzic pyta: gdzie jest FU?, Gdzie jest FA? (dziecko pokazuje).

Kolejny etap to samodzielne czytanie, Rodzic pokazuje dziecku sylabę, dziecko czyta.

Powodzenia!
