

## President's Message

Summer is upon us!

Most of us have resumed a semblance of normalcy although some, like yours truly, are maintaining a substantial respect for locations that might be infectious. Already, I've been required to pummel several anti-maskers into submission. They will both recover but it will take time.

We have a summer full of events planned and have been guaranteed good weather for each and every one of them.

Your board has taken a summer hiatus (whatever that is) and are enjoying visits, trips, gatherings, and family. We hope our members are doing likewise. Somewhere a lamb is still prancing about blissfully unaware of what Robinsky has planned for July 9. Happy Summer, everyone!

Jim Quigley

## Message from the Club Manager

Happy Birthday, Canada! I hope you all had a wonderful Canada Day long weekend with whomever you choose to spend it with. I was in Ottawa a few days before but had planned on being in Niagara Falls for the holiday. Luckily, fireworks are every night there, because with the bazillions of people around and the skies about to open up, we decided to watch the Canada Day fireworks from our hotel room. Which, as it turned out, was the best idea because at fireworks' time, the rain was coming down sideways.

The Club's July is going to be a busy one with our BBQ, Summer Lunch series and the Cocktail Hour at the Wade's.

I can't wait to see you at one of these events. There is still time to sign up for all the events, but for the BBQ, you must do so ASAP! By July 5.

I hope you continue to enjoy this summer of "almost normal" with family, friends and possibly travelling. I know it will go fast, like it always does, so party safe like it was the summer of 2019!

The best,

Francis Perry

## June Events – History Tour

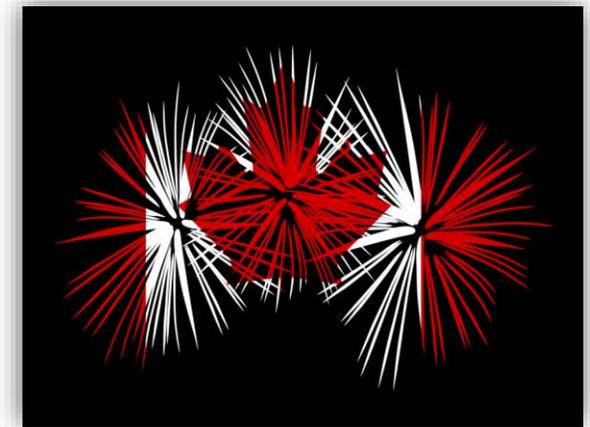

Once again, Colonel Dallison outdid himself on the 24<sup>th</sup> history tour for the Garrison Club. This time we experienced the historical wonders of Saint John. Bob explained how hunting Loyalists on the Nerepis was a normal activity back in the day. The Fort La Tour reconstruction is a seldom-seen wonder of New Brunswick; hiding in plain view. We visited the cemetery for paupers and the site of the oldest Insane Asylum in Canada. It was moving, in a sad way.

We met for a superb dinner at Shadow Lawn on a fine evening and chuckled at the poor guy who left the top down in the rain. The wooden chainsaw carvings on former Centracare land are a legacy of the Irving's and a tribute to many famous NBers. Our visit to the Jewish Museum was enlightening and highly informative. It was all topped off with a visit to the Dufferin Battery, Partridge Island, Martello Tower, and more.

Bravo! Another awesome Garrison event!
