

August 2019

Greetings!

To God be the glory for the things He has done!!! I am believing with you that your 2019 is all that God said it would be. In a previous letter earlier in the year, I wrote the following:

...I have a word of instruction from the Lord. I have received it for myself and now I am passing it on to you:

*Whatever Word the Lord has given you for 2019 – you know, “2019 is the Year of (fill in the blank).” Whatever Word the Lord has given you for 2019, line your words up with His words and **command** 2019 to come into alignment.*

2019 is not going to come looking like that Word God spoke. In fact, it's probably looking quite contrary right about now! (That just means the enemy is scared and is trying to dissuade you from believing the Word God spoke to you.)

God says it is your responsibility to call 2019 into alignment with the Word He has given you.

I'm checking in with you: We are more than half-way into 2019. How is your year looking?

I praise God for the victories you have experienced! Please write and share your testimonies with us. It would be such a blessing!!!

If you have not yet experienced the manifestation of what you are believing for, know that I am standing in agreement with you and cheering you on. I would like to encourage you as Paul encouraged Timothy in I Timothy 6:12:

Fight the good fight of faith!!!

God blessed me to attend Apostle Leroy Thompson's 2019 Camp Meeting the week before last. One of the ministers brought a Word about fighting the good fight of faith. When we think of fighting the “good fight of faith,” we think of the “good fight” being the fight that we win. This is so true! But let me share this bit of revelation that the minister shared with us:

In the sentence, “Fight the good fight of faith,” the word “fight” appears twice. The first word “fight” means to contend for a prize and refers to the struggle.¹ The second word “fight” means gathering and refers to the place of the contest.² So, if I (Katherine) were to paraphrase, I would say, Contend *for* the faith, and contend *from a place* of faith.

¹Strong's Greek Dictionary, Word 75.

² Strong's Greek Dictionary, Word 73, Secular Greek Definition

The minister went on to share with us that place of faith is in the Spirit (as opposed to in our flesh). While the minister was speaking, I heard the Lord say, “**THE FIGHT IS FIXED!**” And that is what I would like to say to you today: *THE FIGHT IS FIXED!!!*

The enemy cannot defeat us when we are operating in and through the Holy Spirit. For we know we wrestle not against flesh and blood, but against principalities, powers, the rulers of the darkness of this world, and spiritual wickedness in high places (Eph. 6:12). I want to encourage you today – whatever struggle you may be facing,

STAY ON YOUR TURF.

STAY IN THE SPIRIT KNOWING THAT *THE FIGHT IS FIXED!!!*

IT'S GOING TO WORK IN YOUR FAVOR!!!

HALLELUJAH!!! GLORY TO GOD!!! THANK YOU, JESUS!!!

*May you fight the good fight of faith, fighting from the realm of the Spirit, knowing that **THE FIGHT IS FIXED** and that your 2019 can be everything God said it would be! In Jesus' Name.*

Lovin' you with the Love of the Lord,

Katherine

P.S. I would like to invite and encourage you to capitalize on the benefits of your partnership with God's Love Song Ministries. You can do this by:

- 1) Naming your seed and letting us know what you are believing for. It will be our pleasure to agree with you for God's will for your life!!!

- 2) Placing a demand on the anointing on my life that God has given me... *for you*. Draw on this anointing by placing a demand on it. Expect to receive answers you need through the teachings that come forth from this ministry. Consider the following statement posted by one of my dear friends on Facebook:

There is a supply that manifests, when people come with expectation to receive from God through the speaker or pastor. The congregation wants to by faith pull out what the Lord has put in the speaker for them. The speaker wants to give what they have received from God for the congregation. This cooperation causes disbursement of energy, that is the very working of heaven in the midst of us.

~ Carolyn Harding

Selah!
