WHO WE ARE

WE CARE DEEPLY ABOUT OUR PATIENTS' MENTAL HEALTH

Center for Emotional Health is a private mental health organization dedicated to serving our patients with the **highest level** of mental health treatment and support.

Center for Emotional Health has grown from a single office in 2007, to multiple locations with additional expansion on the way.

We continuously provide over **30,000 patients** with the service, support and convenience they have grown to expect from us.

At Center for Emotional Health, we offer **traditional and alternative** mental health services to ensure that our patients have the **best treatment** and support available.

Our focus is **always** on the **needs of the patient**, and we do not waiver from that cause.

Everything we do at Center for Emotional Health is with our patients' comfort, support, and **convenience** in mind.

WHAT WE DO

Our medical staff has a vast level of experience and expertise in treating a broad range of mental health concerns including:

- Depression
- Bipolar Disorder
- Marriage/Relationship Counseling
- Anxiety & Panic Disorder
- ADD/ADHD
- Forensic Consultations
- Long & Short Term Psychotherapy
- Postpartum Depression

We emphasize the importance of a thorough evaluation, not only because it is essential for a correct diagnosis, but because of its importance in providing the most effective treatment.

Our services include:

Outpatient therapy + counseling
Medication Management
Trans-cranial Magnetic Stimulation (TMS)
Veterans Support Services Program
TelePsychiatry Program
Treating ages 4 & up
School-based therapy
Footprints Drug & Alcohol Abuse Treatment

WHAT SETS US APART

Prompt appointments:

When you call the vast majority of mental health services to schedule an appointment, it will likely be as long as 10-12 weeks before you can be seen.

However, at Center for Emotional Health, we understand the importance of our client's wellness and the importance of being seen by a mental health professional as soon as possible.

Flexibility:

We accept Aetna, BCBS, Cigna, Medcost, and Tricare insurance. In addition, we accept some Medicaid, AmeriHealth, Carolina Complete, Healthy Blue, WellCare, NC Healthchoice, and Carolina Access plans, and we also have a sliding scale and private pay options for the uninsured.
