## Why train with Caspers?

I apply the latest insights in animal behaviour and training to teach you how to raise your pup to be a well-behaved dog.

### Classes deliver:

The **owner-skills** you need, to understand, care for and teach your dog, using only kind, positive methods.

The **foundation behaviours** your puppy needs, to live a happy new life in your home.

The **life-skills** your puppy will develop, for a lifetime of good behaviour.

# The course is 6 x 1 hour classes. Cost: £130

## **You will learn:**

How dogs learn  
How to read your puppy's body language  
How to socialise your pup  
How to use reinforcement to train  
How to get more of the behaviours you want  
How to get fewer of the behaviours you don't want  
How to get behaviours on cue

## **Your puppy will learn:**

To sit, down, and stay  
To come when called  
To walk nicely on lead  
To greet politely  
To settle on a mat  
Manners around food  
Mine! and Yours!  
To touch a target

## **The life-skills you puppy will take-away:**

To be calm  
To know the rules  
To have confidence  
To listen and pay attention  
To have self-control  
To know how to make the right choices
