

Viking Mini Loaders

TRADESMAN

"POWER TO CONQUER"

Quality Skid Steer Loaders

The Viking Tradesman is designed to make operators more productive, Viking Loaders achieve this by using good ergonomic mechanical design combined with innovative hydraulic design and world class components.

The Tradesman is designed and manufactured in Ringwood, Victoria; we use local sub-contractors and suppliers.

Please call Viking Loaders and discuss **PRODUCTIVITY**

- Load Capacity
- Wheel Speed
- Arm Speed
- Machine Operation
- Dump Height
- Dual remote ports

SERVICEABILITY

- Enclosed electrics
- Accessibility for maintenance

Improve your business from as little as \$150 p/week. All with the 100% Viking Guarantee.

“POWER TO CONQUER”
Quality Skid Steer Loaders

See below for some of the many attachments available for the Tradesman

CHASSIS

- The narrowest contractors mini skid steer loader - 950mm wide standard or 740mm wide, fitted with skinny wheels
- 16mm fabricated steel construction
- 20mm fabricated arms
- 8mm belly pan
- 1.9mm dump height
- Low centre of gravity
- Ergonomically designed control layout
- Large operator platform-very spacious

HYDRAULICS

- Innovative high performance, industrial hydraulic system
- Very efficient high flow design
- Fully integrated one piece control valve
- Variable speed trencher control valve
- Tandem pump - High pressure
- Twin- High flow & low flow remote auxiliary ports
- 1000 hr hyd service interval
- Individual wheel motor access panels
- **Optional** - Large 5kw thermo hydraulic cooler

ENGINE

- Kubota D902 Diesel Tier 3 application tested and international warranty approval - Pending
- Easy access for maintenance
- Rigid crankshaft centreline engine mount design - low vibration and component fatigue

COMPONENTS

- Cartridge airfilter
- Billet steel Hubs
- Pivoting grill assembly- service
- Visual Warning Lights
- Anti Vibration Exhaust Mount Eliminator
- Radiator overflow bottle return system

Testimonials

My name is Justin. For the past 12 years I have been an owner/operator of Manneddingo - limited access excavations. In that time I have operated many machines, but none that provide the explosive power, increased speed and quality components, like my new **Viking Loader Tradesman**.

In comparison, the outstanding benefits I have noticed are:

- * Greater dump height with increased balance
- * Increase in posthole and trenching torque
- * Greater ground speed
- * More comfortable operating controls

Thanks to Scott and his team for their professionalism in putting together a fantastic and user friendly machine

- Manneddingo -

The Viking Mini Loader should be called the Viking Earth Mover - this machine can dig!!! It's a limited access pocket rocket that has excellent digging capabilities whether it's post holes, trenching or general digging. The smooth and quick hydraulic movements makes operating this machine very user friendly.

PERFORMANCE

Hydraulics	
Pump Sizes	8.3 - 3.2
Hydraulic Pressure	3400 psi
Hydraulic Capacity	80 litres
Max Travel Speed	8.5km/h
Rate Lift Capacity	400kg swl
Wheel Motors	4 x 470cu

ENGINE

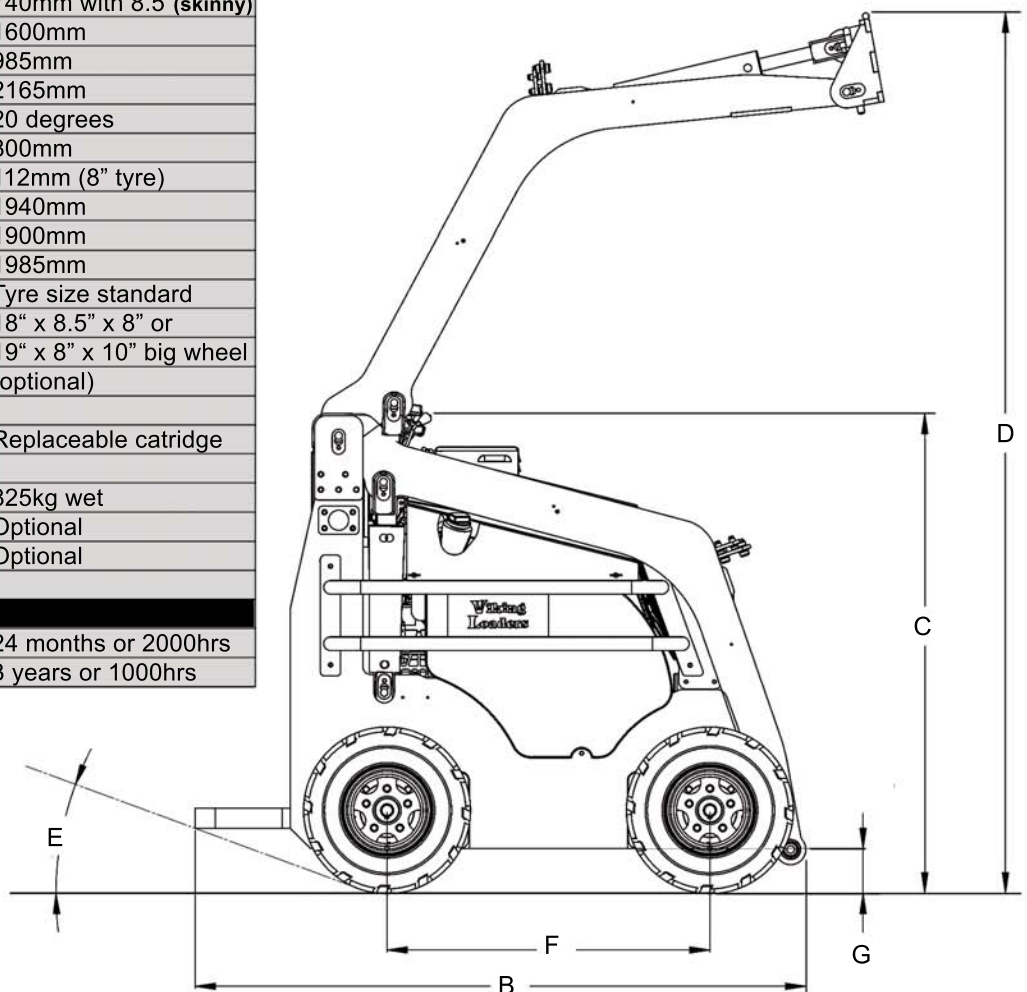

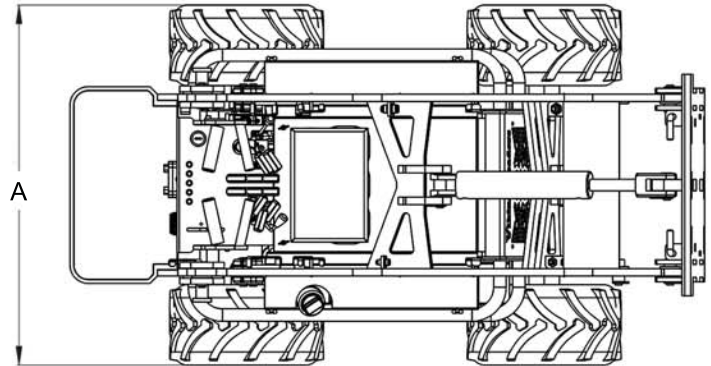

Diesel	D902 Kubota 25hp
Fuel Capacity	25 Lt

DIMENSIONAL SPECIFICATIONS

A. Overall Width	950mm with 8.5 " wheel 900mm with 10" wheel 740mm with 8.5"(skinny)
B. Overall Length	1600mm
C. Overall Height	985mm
D. Max. Operating Height	2165mm
E. Angle of Departure	20 degrees
F. Wheel Base	800mm
G. Ground Clearance	112mm (8" tyre)
Dump Height - Std Bucket	1940mm
Dump Height (4 in 1 bucket)	1900mm
Height to Hinge Pin	1985mm
Tyre Size	Tyre size standard 18" x 8.5" x 8" or 19" x 8" x 10" big wheel (optional)
Filtration	Replaceable catridge
Machine Mass	825kg wet
Angle alarm sensor	Optional
Security Immobiliser	Optional

WARRANTY

Engine Warranty	24 months or 2000hrs
Product Warranty	3 years or 1000hrs
