REFRESHMENTS**

**FREE  
PARKING**

## ■ We Look After Everything

We can fully dress rooms with chair covers, table cloths, bows, runners and centrepieces. We have a range of colours to suit every taste.

We can also do all balloons, from clusters on tables, to large helium balloons with numbers and letters - any at all.

We also have our own flower wall which is ideal for photographs. We can provide lighting for the rooms to give the room an even better look.
