

Dear Store Manager:

I am a dedicated shopper of your grocery store and encourage you to carry Stellas Gluten Free Perogies in your location. People who are Vegan, Dairy Free, have Celiac disease or many food intolerances cannot eat or digest many proteins found in products within the grocery isles.

The number of people who live with Allergies or food sensitivities is

staggering and as a consumer with a restricted diet, delicious, high quality, safe, locally made products like Stellas Allergy Free Perogies make our lives that much better.

Right now I am trying to purchase this product locally and am hoping you can

help by adding this product to your freezer space.

For information about Stellas Allergy Free Perogies, I urge you to view their website [www.stellasperogies.com](http://www.stellasperogies.com).

Thank you in advance for acting on this request.
