

JASON STUMPH

Candidate for County Judge

My name is Jason Stumph and I am running for Marion County Judge. Above all else know that I love the Lord, am in love with my wife, love my family and I am a Conservative Republican. If you know these things about me, then you know Jason Stumph. The Lord and my family provide the solid ground that I walk on daily and both give me the strength and courage needed to help shape this great County.

As a Deputy Sheriff of Marion County, I've been blessed with the opportunity to provide a public service and build relationships with our great citizens. I look forward to eliminating the division and helping unite the multiple departments of this County. The majority of my professional career has been in public service and I will bring knowledge, experience, and my love for this community to the Judge's position. Marion County is where I raise my family, have my career, and plan to retire, so please help me succeed in strengthening the County for years to come. I can't do it alone, and do not have the desire to do it alone...we are a team...We are Better Together.

Sincerely,

Jason Stumph
