Nativity scene

Original artwork by Didier Martin

Nativity scene that would make a seasonal wall hanging, or a special cushion panel.

250 x 208 stitches

45,5 x 38 cm on 14 ct

The picture is made entirely of whole stitches, so it could easily be done in tent stitch on canvas. Just add the background colour of your choice.

Key for DMC

The chart is coded for DMC. If you are going to use wool for canvas, add the background of your chart.

The original artwork had light green behind the people, and light grey in the foreground.
