

## Level 2 Diploma in Care

### Who is this qualification for?

The Level 2 Diploma in Care is a competence-based qualification which has been developed with Skills for Care, Skills for Health and in consultation with employers who provide adult care and health services. Designed to support the on-programme element of the Adult Care Worker apprenticeship standard in England, the qualification is mandatory within the adult care worker standard and covers the knowledge and skills required to work in an adult care worker role in a range of settings, supporting individuals with different needs.

The qualification is aimed at adult care workers, support workers and key workers in a range of adult care or integrated care settings, and healthcare support workers and healthcare assistants in a range of healthcare settings. The qualification can be used both within and outside of the adult care worker apprenticeship standard

### Assessment method

The qualification will be assessed by a portfolio of evidence.
