The Battle of the Budget (formerly "Eat Right, Budget Tight") is a NJ FCCLA state event conducted prior to the Fall Leadership Connection. It is an individual or team event that combines meal planning, creativity, and budgeting skills. The goal is to plan a healthy and interesting 3-day menu (Breakfast, Lunch and Dinner) for a family of 4 for 3 days with a price limit of $\$ 75$. This event will require organization, creativity and savvy.

## EVENT CATEGORIES

Junior: $\quad$ Participants in grades $6-8$
Senior: $\quad$ Participants in a comprehensive program in grades $9-12$
Occupational: Participants in an occupational program in grades $9-12$

## ELIGIBILITY

1. Participation is open to any affiliated FCCLA member. Affiliation for each participant must be submitted by November 1, 2022
2. A chapter may submit two (2) entries in this event. An entry is defined as one (1) participant, or one (1) team comprised of a maximum of three (3) members.
3. An event category is determined by the participant's grade in school and type of Family and Consumer Sciences program.

## PROCEDURES \& REGULATIONS

1. Each entry will have an assigned digital folder to submit their project materials via Google Drive. A link to submit materials will be provided to the adviser upon competitive event registration. All entries must be submitted by November 9,2022 and privacy settings must be viewable to anyone with the link.
2. Each entry must submit a digital file with the following information:

- A Project Identification Page
- Participant(s) Name(s)
- School
- Chapter Name
- Event Name (Battle of the Budget)
- Event Category
- A Description of the "Family" with ages and special dietary needs
- A 3-day Menu for a Family of four (4) individuals, including an estimate of the time required to prepare the food for each meal
- Copies of the recipes needed for the menus. A minimum of 4 recipes are required. (One of the recipes must be made in a large enough quantity to create leftovers. The leftovers must be reinvented into another meal for the family.)
- A grocery list for the menus with costs for each item, including the name, description, and location of vendor(s) where the food would be purchased
- Identify cost saving actions and time saving measures
- A reflection of what was learned
- Link to Video Presentation and Visuals

3. Each entry must set the stage by describing the individuals who are a part of this family. Age, weight and activity level as well as any specific dietary needs must be identified. The family may be a representation of the members of the team, but this information can also be completely fabricated.
4. Participants must create 3-day menus, but they are not expected to actually prepare the menus as a part of this competition.
5. Create a healthy three-day menu for the family with at least one meal that is created in a large enough quantity to provide for the creative reinvention of a leftover meal. Use MyPlate plan to ensure meals are well balanced and nutritious. Visit the website: www.myplate.gov/myplate-plan. It is important to keep the $\$ 75$ budget in mind when you are crafting the menus. It must reflect everything the family eats in the three days.
6. Using the menus as your guide, research recipes to guide the preparation of the dishes identified in the 3-day menu. Provide at least four (4) recipes needed to prepare the dishes for the menus.
7. Create a shopping list for the 3 -day menu. Consider the store(s) where you will find these items and create a shopping list for each store. What is the cost of each item on your shopping list? You can assume that your "kitchen" already has common everyday items such as salt and pepper and common spices. If you need a small amount of a staple item such as a "tablespoon of flour," you do not need to purchase 5 lbs . of flour to cost out the tablespoon. However, if you need a cup of flour than you need to cost out the 1 cup quantity.
8. One of the recipes must be made in a large enough quantity to create leftovers. The leftovers must be reinvented into another meal for the family.
9. Use the "Online Grocery Shopping" tool provided on your grocery store's website to find the cost of the food items on your shopping list. You may also visit the supermarkets, big box stores, farm stands, etc. to find the pricing information. At this point you may need to adjust the menu to comply with the financial limitation of $\$ 75$.
10. To gain the learning opportunity provided by this event, participants must complete the Reflection form.
11. The Project Identification Sheet should include:

- Name of Participant (s)
- School
- Chapter Name
- Event Name (Battle of the Budget)
- Event Category

12. In addition, participants will present a (3) three-minute video discussing their menu, their experience, and what was learned.
13. The video presentation must be uploaded to YouTube by November 9, 2022, with its privacy settings set to "Unlisted." When the video is published on YouTube, it must be titled, and the description box must include:

- Participant(s) Name(s)
- Chapter Name
- School
- Event Name (Battle of the Budget)
- Event Category

## BATTLE OF THE BUDGET SPECIFICATIONS

## Digital File Folder

Each entry will submit one (1) digital folder, that includes the following:

| Project Identification Page | One $81 / 2 " \times 11$ " page on plain paper, participant(s) must include participant(s) name(s), school, chapter name, event name, and event category |
| :---: | :---: |
| Description of the Family | Describe the individuals who are a part of this "family." Specify the age, weight and activity level as well as any specific dietary needs of each individual. The family may be a representation of the members of the team, but this information can also be completely fabricated. |
| Menus for 3 Days | One $81 / 2 " \times 11^{\prime \prime}$ page on plain paper, provide the typed menus including breakfast, lunch and dinner that will be shared by the family. Include an estimate of the time required to prepare the food for each meal. If changes are made to accommodate a specific person with a specific dietary need, this must be specified. Use the MyPlate website (www.myplate.gov/myplate-plan) to help plan nutritionally balanced meals. <br> There is a limit of $\$ 75$ to feed a family of 4 for 3 days. This challenge will take creativity and ingenuity. |
| Recipes | Research and provide recipes for a minimum of 4 items on the menu. |
| Use of Leftovers | One of the menu items must be produced in a large quantity for the purpose of creating leftovers. The leftovers must be reinvented into another appealing meal of the family. |
| Shopping list | Create a shopping list for all the items you will need to purchase to feed your family healthy meals for 3 days. You make purchase this food in multiple locations. A description of the store and the location must be identified. |
| Cost | Using shopping from home sites and/ or visits to stores and farm markets, identify the retail cost of each item. If you need a cup of sugar, you will need to create a unit price for the amount you are using. You can assume that your "kitchen" already has common everyday items such as salt and pepper and common spices. If you need a small amount of a staple item such as a "tablespoon of flour". You do not need to purchase 5 lbs . of flour to cost out the tablespoon. However, if you need a cup of flour than you need to cost out the 1 cup quantity. There is a limit of $\$ 75$ to feed a family of 4 for 3 days. This financial challenge may force you to make changes in the menu. |
| Reflection Information | Complete the reflection form regarding what was learned from participating in this event. |

## Oral Presentation

The oral video presentation may be three (3) minutes in length and is prerecorded and submitted in the digital project folder prior to the Fall Leadership Connection. The presentation should concentrate on the overall experience and what was learned from participating in this event.

| Content | Discuss the challenge and what was learned about nutrition and the financial <br> responsibility of feeding a family. |
| :--- | :--- |
| Voice | Speak clearly with appropriate pitch, tempo, and volume. |
| Body Language | Use appropriate body language including gestures, posture, mannerisms, eye <br> contact. |
| Grammar and Pronunciation | Use proper grammar and pronunciation. |
