

Psychiatrist

Healthy Perspectives – Innovative Mental Health Services has an exceptional opportunity for a Psychiatrist in the Southern NH area. Create your own schedule and hours, Monday-Friday.

At Healthy Perspectives, physicians work in collaboration with an experienced team of clinicians including psychologists, nurses, and licensed social workers. Opportunities for professional growth are also available in our specialized treatment programs including:

- TMS (Transcranial Magnetic Stimulation) Clinic
- Spravato Clinic
- Chronic Pain Management
- Suboxone Program
- Perinatal Services
- Clinical Research Trials
- Mental & Physical Health Integration

We are dedicated to providing comprehensive, integrated mental health services that are evidence based, patient centered, and accountable. We aim to work closely with other care providers and the person's social network to improve access, quality, outcome, and value for the behavioral health care services we deliver.

Join our team and enjoy:

- Generous and competitive compensation plan
- Renovated, peaceful working environment equipped with conference and group rooms
- Exam room for physical exams and emergency equipment available including crash cart, defibrillator, oxygen, electrocardiogram, and phlebotomy supplies, if needed.
