SUPPORTING PENNSYLVANIA FAMILIES

Every adoption experience has its own unique challenges.

That's why we offer ongoing resources and services. Together, we find solutions to strengthen and support your family.

WE'RE HERE FOR YOU—providing expert support built on decades of experience in the field of adoption. With Bethany by your side, we will share our experience through:

- **ASSESSMENT:** Together with your family, your Bethany caseworker will clarify your family goals and create a unique plan to strengthen your family
- **ADVOCACY:** To help meet the goals of your family, your Bethany caseworker will provide continuous support, resources, and referrals
- **RESPITE:** We will find respite services that will benefit your family by identifying planned activities and building relationships
- **SUPPORT GROUPS:** Support groups offer families like yours opportunities to connect and learn from one another

SUPPORT THROUGH SWAN

Bethany proudly partners with the Statewide Adoption and Permanency Network (SWAN) to provide our services at no cost.

Families who have adopted privately, through foster care, or through an agency, as well as families with legal custodianship or formal kinship agreements, may receive services for their child(ren) through the age of 18. For children adopted at age 13 or older, these services may be extended until age 21.

“For the first time, we feel like there is hope for our family.”

— A KINSHIP GRANDPARENT

To receive these services for your family, call (800) 585-SWAN (7926) and request Bethany Christian Services of Central PA
