Ado's August Air Spray

Welcome to the August information night. A week later than normal but just as much fun I hope.

Kon has put the 2020 AGM proposal documents onto the web so I urge you to read them if you are interested. It is hoped the proposal will be signed off by all the branches of South East Qld but from what I can gather it is being lead by only a couple of branches Warwick, Toowoomba, Gatton and Lockyer. I won't know any more information until the Presidents meet again on the day of the cartwheel ride. It appears that the information is being passed on via the right channels now and every branch will hear news at the same time, something that was not happening for a while there. If you are interested in becoming more than a volunteer, and remember it is four years away, please come and see me and I can put your interest to the next presidents meeting. Or come along to the meeting after the Cartwheel ride and let them know yourself. The venue that the Qld proposal is Warwick and I have seen evidence that Northern Rivers branch (Lismore) is also keen to put in a proposal for the same year.

The winter chill and some rain seems to have slowed down the attendance rate of our past few branch rides. However, Gunther and Dorothy's ride last Sunday saw 20 bikes and 25 members attend. Let's hope the weather continues to warm up and we can all play together in the sun again. Eric is still interested in finding ride leaders and it's funny, that when I approach individual members they always recall they have a destination that we can visit. Please put your hand up and take us for a ride. Doesn't matter if it's for coffee down the road or lunch 200 klms away.

We are preparing for the branches camp away next long weekend (May Day long weekend) 29-30 April and 1st May 2017 so if you have any ideas on where we could hold it I would love to hear from you. I would love to see more of the branch involved on this weekend so we are giving you oodles of time to prepare. Please put it in your diary now. Please continue to get involved in your branch. There are members who are really putting themselves out there for your benefit please don't let their efforts go to waste.

A huge thank you to Steve and Denise for opening up their home for us the other Saturday Night for a Beanies and Bonfire night. What a great night it was. Lots of giggles and banter being thrown around the bonfire and a couple of songs by Old Goat made the night a success. Using Steve's chook chaser to manoeuvre around Steve's Trials Track' was a lot of fun rocks, through the fire and over the top of a massive log brought back memories of when I was a lot younger and heaps more agile.

The branch Third Birthday Party is coming up on the 25th October. The committee is keen to celebrate and the venue is at the restored Old Purga School. Members are asked to rsvp by the October meeting. The cost is \$10 pp for active members and their partners. Sorry no children are invited to this party. For a bit of fun, we will be having a guessing game, so bring a photo of yourself at around 3 yrs of age. Don't show anyone else though and give it to Amanda. Of course you can get your photo back on the night, however, if you are worried please make a copy and hand that over. We are intending to have a bbq tea with salads and desert. Any members who have dietary requirements please let us know when you rsvp so that we can try to look after you. See the flyer in the newsletter. Paula is in the process of chasing up a venue for our Christmas Party and more will be said about that in future information nights and on the webpage. We hope that the Christmas Party will be paid from the branch funds from your generosity in purchasing raffle tickets this year.

The Cartwheel ride is on this Sunday. Our Branch Poker Run will start at 9 am from the Ipswich Country Club. Registration will be from 8am. The Country Club will have tea and coffee available for us to purchase. Lots of info on the ride calendar about this ride. It is the major fund raiser for the memorial gardens and I hope that the members will support this event. Any monies raised from the poker run go to the memorial fund and any monies raised from the raffles goes to the UCARF fund. The South East Branch representatives meeting is being held afterwards on the same day. You are welcome to stay and have a listen to any information sharing that will be passed onto the branches.

Reminder that the next Working Bee at the Memorial Gardens at Somerset Dam is on Saturday, 20th of August! Bring your hat and your tools for a tidy up before the National Memorial Day on the 11th of September.

The Mount Lindesay Branch Mater Little Miracles Ride is our branch ride on Sunday 18th September 2016. The registered ride will be leaving the main car park of the Middle Green Sports Club, 720 Middle Road, Greenbank at 9 am. Registrations open at 8 am. The ride will be heading out past Beaudesert and returning to the grounds arriving somewhere between 10.15 and 10.30 am. There will be a coffee van on site ready to go at 7.45 am. Our branch will be leaving from Maccas Yamanto at 8 am.

Our new venue at the Ipswich Country Club has proven to be quite a success for both parties. The committee is continuing to work to strengthen this relationship. Please consider supporting the Country Club, not only on branch information nights but on other nights during the week.

Keep it legal – I's a watching ADO

Dazza's Banter

Happy August everyone. Hope you have all been well since we last caught up. They come around all so quick these days. I just can't believe how quickly 2016 is travelling. Maybe it just seems fast when you age. ☺

I don't have too much to chat about this month as I've been fairly quiet. Haven't been out on the bike for a branch ride for ever. Well that's what it seems like. I've been quite busy with family birthday celebrations and general churlish behaviour.

My only ride of noted distance was that of my trip up the highway to Gympie a few weeks back to partake in a family members 50th. The ride was as expected boring. Highway riding usually is as most of you would know. The most enjoyable part of the road trip was travelling on the new section of road between Cooroy and Gympie. Nice smooth road with 110km speed limit to boot. Made for a pleasant trip. Always a bit of a struggle the next morning though throwing the leg over the bike after a BIG night of celebrations. ☺

Hope everyone is over the "Winter Blues" and keen to get back on the bike with the warmer months coming up. Be great to see participant numbers up again like we used to get. I often hear people say they "won't be doing the ride on the weekend because they've been on rides to there before". Make a difference and come up with some new adventures that we can all share in. I for one would welcome more breakfast rides. See how you go. If you know of a ride you've been wanting to do, mention it to Erik or one of the committee members. Let's try some new places and idea for rides.

While I remember, keep an eye out in the latest issue of Ride On (Ulysses Monthly mag) there will be photos that I supplied from the Memorial Day Working B in a story.

Told you it would be a quiet one from me this month. Stay safe out there.

Daz (#64146)

Branch Comms Jul 16

Dear Branches

Attached is a brochure created by the Monash University School of Clinical Sciences discussing the support given by the Ulysses Club via the Ulysses Club Research Fund co-ordinated by Kim Kennerson. You may like to distribute this to members via your Branch Newsletters.

In this BranchComms we are also reproducing a letter from Liz Tester, detailing the ride she is doing to raise funds both for UCARF and RFDS. Her Itinerary is also attached.

CHARITY RIDE, by Liz Tester #52236

Greetings fellow Ulysses Club members.

My name is Liz Tester , I am 48 years old and live at Capel in the South Western region of Western Australia. Capel is 212 kilometres south of Perth halfway between Bunbury and Busselton and I have been associated with the Bunbury Branch for approximately 6 years. For the last 3 years I have been riding my own motorcycle, a Yamaha 650cc V-Star Cruiser.

So far life's journey has not always been easy and has thrown me a few challenges along the way. From the age of 14 years until I reached 30 I suffered from epilepsy and despite medication often had several minor seizures per day. Needless to say I was unable to obtain a drivers licence necessitating a reliance on family for transport.

In November 1997 I underwent brain surgery to remove a benign tumour from my right temporal globe. The successful operation was life changing for me, I obtained my first drivers licence at age 32 and have been seizure free life for the past 18 years.

In early 2000 I had a skydiving accident in Busselton. I landed awkwardly fracturing a vertebra in my lower back resulting in a transfer to Perth for hospitalisation via the Royal Flying Doctor Service. I spent four weeks at Shenton Park Campus of the Royal Perth Hospital before returning home in a brace to recover. Shenton Park was a purpose built rehabilitation service facility which closed in 2014 after servicing the community for 121 years. Thankfully I had a good outcome although I have ongoing pain and receive chiropractic treatment. I met my current partner in May 2007 and was introduced to motorcycling. I soon found a strong passion for this lifestyle and found that riding has given me a new freedom.

My experiences have developed my philosophy on life and I believe in living it to the full, taking nothing for granted and enjoying the little things.

I feel indebted to the RFDS and would like to create some payback. Hence I am undertaking a charity ride

beginning on the 31st July 2016 to raise funds travelling around mainland Australia rattling the tin. I will be initially escorted by Bunbury Branch and will then meet up with the Warnbro Sound Wanderers Branch at Baldivis who will ride with me to Joondalup. I will be supported on the trip by my husband who will be following in a Kia Sprinter motorhome.

Some local fund raising has already been achieved by myself and some members of the Bunbury Branch including raffles, an open garden and a quiz night. This has achieved a total fund to date of \$3,659.40 towards our undetermined charity goal. I would especially like to thank Bunbury members Grub, Steve and Greg. All proceeds from the charity ride will be split 50/50 between RFDS and UCARF and I have provided a full itinerary. Your support along the journey would be greatly appreciated.

Liz Tester, member #52236.

Editing,
Kim Kennerson, UCARF Coordinator.

HELP (please)

We need to update our list of Branch sanction dates – the date your Branch was given the nod of approval to form a Branch, from the National Committee at the time. If you have any information – perhaps a copy of the letter from the then National Secretary, or you just "know" (because the information has been handed along over time), please let me know. vicepresident@ulysses.org.au

And for those Branches in NSW, just a heads up that the **Southern Highlands Recreation and Adventure Show** will be held in Moss Vale (Illawarra Highway) from Friday 25 November to Sunday 27 November. The Macarthur and Wollondilly Wanderers Branches will be manning the stand, so pop along to say hi. The National Committee will be holding a NatCom meeting in the area at the same time, and we will be there for a look. A flyer for this event can be found in a News Article on the club's website.

Branch Page on the National Website - a reminder

On the national website we have all Branches listed, which can be searched by state, including logos and current contact information. Some Branches have provided photos to give an indication of what the Branch gets up to as a snapshot in the Branches pages, before the person essentially goes to the actual Branch website.

Can you please follow the website [link](#), to the **Branches page**, find your Branch, check the contacts, make sure that the logo is the current one, and if changes or updates are necessary, send these to Jen (webmaster@ulysses.org.au) to implement. Note this is not for the actual Branch website, just that landing page on the main website. If you would like to also provide photos that would be good as well. We love photos!

Minutes of the Annual General Meeting held in Launceston

The Minutes of that meeting have been completed and are available on the [website](#)

And while we are on the subject of Minutes, the Minutes of the National Committee meeting held in April can be found [here](#).

As usual, you will need to login to the website to view these documents.

The National Committee

Helena, Jen, Mark, John, Henry, Allan and Peter

Sheriff's Court

James "Windsucker" 50255

Once again another great branch meeting. The \$5 scratchy was won by "Crash" – Ross. There has been a few complaints by members on various things so the Committee has decided to have a suggestion Box. But we have to be sensible about what is written, all suggestions will be addressed by the Committee, so you will have to put your name on it. All suggestions will remain confidential.

FINES AS FOLLOWS

Con – left indicators on for 8.5klms (and no one told me, how disgraceful!(Kon))

Rizzo – acting as if she was 18 again

Ado – no helmet on DV Ride

Mick – thunder pants – we'll say no more

Eric – for wetting Anni on a ride

Margaret – more interested in the pokies than the meeting

BIRTHDAYS

Gunther

Lumberjack – Eric

Rizzo – Jenny

Lummey – Kevin

Hi-Rise - Daz

MISHAP AWARD

NIL

QUOTE OF THE MONTH

Frustration although quite painful at times, it is a very positive and essential part of success.

***See you all on the next ride
Stay Healthy & Safe***

Windsucker #50255

Threads for the web

Website or Web site:

A set of interconnected web pages, usually including a homepage, generally located on the same server, and prepared and maintained as a collection of information by a person, group, or organisation.

This very interesting article has come to my attention recently, something much too important to simply forget.

As the number of wireless bits and pieces are being used these days, there is no getting away from them.

Would recommend a thorough reading at the earliest...

Radar's Quote of the Month

Lumberjacks Road Rash

Hi folks,

It was good to see a lot of bikes turning up for Gunther's ride last Sunday because the last few rides has been very poorly attended with only 5 bikes participating at Ado's ride to the Laverda Concourse. I'm not sure what the problem is as nobody has complained to me about our rides.

If you are not happy with our rides or the way we do them, then please talk to me and tell me what you want changed.

You are also very welcome to lead a ride. That way we can all go on a ride that you like.

The next available date for one of your rides is 02/10/2016 and I hope that someone will come forward and lead a ride.

Last month's rides went good except for the poor attendance. There were a couple of near miss incidents on the ride to Advancetown pub but we were lucky that nothing happened.

Also, a few people were lucky they didn't get pulled over for speeding as they were speeding past a cop with a handheld radar pointing at them going towards Beachmont.

The ride to Laverda Concourse went well. It looked like we could have gotten a shower on the way down but nothing came and shortly after arrival the sun was shining on us.

Gunther's ride to Cabarlah went really well with a route to Esk I have never tried before. And I thought that I had been on every road in the area. Normally I think that the road to Esk is a boring stretch that I just have to get over and done with but this stretch was not bad. Well done Gunther.

Ipswich branch rides:

Date	When	Where to meet	Ride leader	What's happening	Distance
14/8/2016	09:00	Ipswich Country Club	Windsucker	Cartwheel Ride	
19-21/08/2016		Stanthorpe, Top of Town Tourist Park	Gunther & Dorothy	Wine Tour - Camping or Motelling	
04/09/2016	08:00	Yamanto 	Erik (Lumberjack)	Father's day Ride - Barbeque	
11/09/2016	T.B.A.	T.B.A.	T.B.A.	Memorial ride	
18/09/2016	08:00	Yamanto 	T.B.A.	Mater little miracles (Mt. Lindsay)	

See you all on the rides and ride safe.

Erik (Lumberjack.)

For a fun evening please bring along a toddler photo to play in the guessing game

LAVERDA CONCOURSE RIDE REPORT

Well seeing I lead the ride I think it is only fair for me to put in a report.

Saturday was wet and miserable so I was looking at the skies regularly wondering if the ride should proceed. Kon called on the blower on the Saturday to say the Laverda Club had not cancelled as yet so it was sit and wait the night out.

Sunday morning came and the skies were a little friendlier. Spook had indicated the night before he might attend and he called from his veranda to see if we were still on. When I arrived at the Yamanto shopping centre there was only one other member waiting so I figured it was going to be a small group and it was. Eric and Anni, Spook, Windsucker, the Old Goat and I, a small but energetic bunch. All had different ways on getting to Cleveland but as I was the one with the GPS and the leaders tag against my name so I went my own way. No tolls. No hassles and the ride was very uneventful.

We paid the \$10 entry fee and decided to go our own way and meet back at noon to see if we were ready to go home. The numbers were down from previous years both spectators and entrants for the show. Lots of interesting bikes on show including a 1927 Indian. Must have been my bike's great gran daddy.

The owner actually rode the Indian to the Kawasaki, a 500 kwacka triple and a sidecar wheelchair riders were some which caught were many highlights for me including a Sgt Lenny Yarrow riding the white police my 500cc Kawasaki. Btw He always Won.

event. A 1100 which caters for my eyes. There reminder to me of bike behind me on

Everyone, bar the Old Goat (who had decided to stay on longer), met me back at the entrance at 12 noon and we decided to head home. Eric and Anni cut and run at some stage to go for some tucker and the rest of us just had a leisurely choof home.

Thanks to the small band who braved the skies to join me. To those who didn't, well the rain stayed away and you missed out on seeing some spectacular machinery. Maybe next time we will have more takers.

Ado

Ride Report

By Tony. Aka (Spook)

"A special Thursday Ride" 7th July, 2016.

A bunch of Ulyssians got together on Thursday 7th July, 2016 and brought smiles and laughter to a group of children that rarely get the opportunity to get up close to the beasts we ride, and for some of us, a part of our soul, but get up close they did. These young kids glowed, they touched and felt the bikes with the loving care we show when we polish and preen our bikes for a ride.

As they walked or were pushed in their wheelchair to admire the bikes, they were making their decision which bike to go for a ride on, a big decision for some of them.

The smiles and excitement in their faces, as each child took their turn on the back of the steed of their choice, makes it all worth while when we give, just a little of our time to others.

It takes but very little to make a difference in someones life, yours or theirs.

← setting off for a few laps of the oval with one of the children.

The young lad on the other Can Am recons he can do it on his own.

Garry taking his pillion for a few laps, these kids had a ball, the big kids and the little kids ha,ha.

Old Goat sharing his love of bikes with another of the kids.

Focal Vacation Care Visit by Janelle Lind (aka Skittles ☺)

On Thursday the 7th July 2016, members of the Lockyer and Ipswich Ulysses branches (plus one friend) gave up their time to either show their bikes off or give rides at Focal's Vacation Care Program for children with disabilities.

Firstly on behalf of Focal Community Living Inc., Kerri Siebenhausen (Out of School Hours Care Coordinator), and Elise Campbell (2IC Senior Vacation Care), Support staff and especially the children, we wish to say "a very BIG THANK YOU for such generous support to the Vacation Care program".

In total (if I counted right) we had 18 bikes come along - 1 trike, 3 x Can Am Spyders and 14 x 2 wheelers. It was amazing to even hear them arrive let alone see them all parked.

The anticipation of the Bikes event had been building from the first day of the school holidays (the week before), so the excitement really amped up once the bikes actually arrived. A few of the children were quite hesitant at first, but in the end we couldn't keep them away, and everyone finished up going for not just one but two rides. Some were just shaking with excitement. They were packed with emotions - smiles you can see for miles. For some it was - a dream come true. Immediately the children were asking "Can they come back?" "When are they coming back?" "Can they come in September school holidays?" So it's safe to say, they really loved the whole experience ☺

Out of all the children there were about 3 that did not want to or could not go on the bikes, however staff ensured that they could see the parked bikes from the room or visit the parked bikes, and have a look/listen/feel of the different bikes on display. One young person in particular comes to mind; he really loved the feel of the Fox Tail, enjoying the sensory experience. I could see his smile from 20 metres away. For those children that were not so strong in the core area, were able to put them onto the Spyder, with a staff member and the rider either side. As you can imagine it was really hard to talk the staff into assisting, NOT!!! In fact several staff finished up having a turn on the Spyder's, without a child. We call it staff participation ☺

It really was a terrific event, there was tons of enthusiasm and excitement and lots of FUN was had by all...

THANK
YOU!

The Farmers Arms Hotel Ride Report 7 August 2016 *(by Gunther Pfeiffer)*

The ride into Leichhardt was a little bit foggy from Laidley but the closer we got to Leichhardt you could see it was going to be a good day for riding.

Nineteen bikes and 24 members turned up for the ride. What a surprise as the last few rides the numbers have been down. It must have been the cold and wet weather.

A small complaint was received about not been able to have a coffee, or use the toilets before we took off from Leichhardt. But Dorothy spoke to the Club Manager on duty, and he said that we could purchase coffee and use the toilets before we leave on our rides, as they are open early for the golfers. So I don't see any problems for future rides that leave from Leichhardt.

We took off at 9am, travelling through Walloon, Rosewood, Laidley, Forest Hill, Glenore Grove and Coominya before arriving at our first stop Esk for morning tea. I think it might have been a little too long for some as there was a mad dash to the toilet.

Being a big group everyone seemed to keep together and that made the ride a pleasure to lead with Old Goat taking the tail end Charlie spot.

Rizzo was not feeling the best and decided to turn around and head for home. I hope she is feeling better for Friday night.

After our morning tea we took off travelling via the Esk Hampton Road. A couple of bikes overtook the ride leader so they could travel through the twisties without being held up. I slowed down to keep the remaining group together. But, Old Goat had a small mishap along the way and turned around and went back to collect his helmet camera that came off in the mishap. But he was a little too late as a vehicle had run over it and there was not much left to be salvaged. I believe he may be out next week looking for a new one.

We met up again with the riders who have gone ahead at Hampton and travelled to Cabarlah where we were to have lunch at The Farmers Arms Hotel.

Because the weather was so nice the group decided to sit out the back to eat our meals. After our meals everyone had full tummies, so we took off to head home.

We travelled home via Spring Buff, Murphy's Creek and onto the Warrego Hwy. Some of the riders stopped at McDonalds at Gatton to have a cuppa, and a couple had ice-creams and we said our goodbyes.

The feedback I received was that everyone seemed to enjoy themselves, so thank you to all for a great day, great riding and good company. I will see you all next time.
