# Reveal, Release, Rise (Repeat)

Reveal the Truth. Release the blocks. Rise up and bless the world! (And do it again and again and again!) The creative message of both Passover and Easter is about rising and transcendence. We rise up when we transcend our fears, prejudices, and histories to be instruments for divine creative expression. We “*rise in faith, believing,*” means we inhabit and *create* from a field of pure potentiality that exceeds *and* celebrates our precious, unique and beloved humanness. Rising up is a gift we give ourselves, *and the universe*. We live beyond our stones and barriers by choosing to reveal *and release* our hidden splendor. There is a “higher place” in consciousness where we can envision and create lives of deep meaning, love, and a world that works for all. We set aside barriers of fear or doubt, and give life to the joyful, creative process of God Itself. Living above and beyond judgments, limited thinking, or ego, we can experience peace both within and without--through our very choice to create! When peace and intention lead, the divine artistry of the universe is revealed.
