*Taking the Gospel of the kingdom to the nations of the world (Matthew 24:14)
Casting the Gospel net over the Internet*

End Of The World 2012 Mission – Partnership with local Churches

Who Are We?

Website Evangelism is a Christian Internet mission taking the gospel of the kingdom to the nations of the world (Matthew 24:14) through the highways and hedges of the world wide web. **We build websites on topics people are actually searching on and place gospel presentations on those websites.** Responses how show that this has lead people to “repent and believe the Gospel” (Mark 1:15). For this, we give all the glory to God.

After visiting our 2012 website, one person wrote: *After seeing some things on your site I couldn't bear it anymore. I spent time in prayer - right here at my computer - begging the Lord to forgive my sins. I'm so guilty but God is so good.*

PROPOSAL

To introduce the work of **Website Evangelism** to your congregation(s) by one of the following methods.

1. Place occasional notices in your weekly Church bulletin and personally draw people's attention to this from the pulpit.
2. Number 1 above. Plus show a brief 6:20sec video during a missionary spotlight during your normal weekly service(s). This Intro video is found on home page of our website and is free to download.
3. Numbers 1 and 2 above. Plus, set aside 30mins for two short videos to be screened at weekly services, special service, home groups, combinations, other. Videos on “Website Evangelism in Action” page.
4. Appoint an End Of World 2012 Mission Reporter (can go with 1, 2, and 3 above). This person will be our contact person with your congregation(s).

PURPOSE

1. **Glorify God by making know what he is doing through Website Evangelism.**
2. Create more awareness of **Website Evangelism** and how God is using it to spread the Gospel.
3. Support the local church by encouraging Christians in personal evangelism: on the net and in everyday life.
4. Invite people to sign up (free) as members Website Evangelism.
5. **Get people on board to make the most of a the 2012 window of opportunity God has opened up.**

PROCESS

1. Present a short 6 minute 20 second Introduction video (found on the home page of **Website Evangelism**) at your normal worship service(s). At this time, announce a screening time for number 2 below with accompanying notice in your weekly bulletin to be received on this day.
2. At a later date, share two further videos (11:57mins and 14:18 minutes – found on the page: Website Evangelism In Action) which give a fuller picture of the work of **Website Evangelism**. A break could be take between the videos for discussion if desired (I will be doing this when I am able to personally visit congregations). This would be followed by a short “read” message called: URGENT CALL TO ACTION (found on the Website Evangelism In Action page).

This presentation is intended for when the church is gathered for public services, home groups, mission meetings, combined churches meeting etc. Of course, people could easily view the content of the entire presentation by individually visiting the **Website Evangelism** website on their personal computers. However (1) the videos on the website will not be easily viewed by those with “dial-up” (2) there are more benefits in terms of generating interest, support, building and momentum, by meeting as a congregation and (3) this presentation is also for creating awareness among those who do not have the Internet.

Through videos and the read message, people are invited to sign up as members of **Website Evangelism**.

3. Those who sign up as members of **Website Evangelism** (by visiting the website) will be contacted through the website with information on how they can support this Internet mission. People will be surprised at how **LITTLE** time, effort and knowledge it takes to share the Gospel through **Website Evangelism**, while making a **BIG** difference in taking the Gospel of the kingdom to the nations of the world (Matthew 24:14).
4. A concluding time of prayer for the work of **Website Evangelism** would be greatly appreciated.
5. We would appreciate a notice in a church bulletin on the weeks before, during and after the main presentation(s) giving people the website link and opportunity to follow this up individually.

PARTNERSHIP

Because 2012 is just around the corner, we want to generate interest in this mission so we can start building momentum from the beginning of 2012 as we head towards December 21, 2012 (which will not be the end of the world).

If your leadership decides to screen any of the **Website Evangelism** videos, please email geoff@websiteevangelism.net to indicate your support and partnership with us in making this work of God known.

With only about 30 minutes required to show the videos and read the URGENT CALL TO ACTION, there is plenty of space for how you may choose to use this opportunity to get the saints fired up to tell the world about Jesus.

TECHNICAL STUFF

All Videos are in High Definition though they can be viewed on lower definition on the Internet. Video presentations can be made direct from Internet or you can download first and save as a separate file on your computer for showing later. Please let me know if you have any difficulties with this. If you need a larger file to improve definition, we can arrange this also.

It would be wise to check your screening options out well ahead of any date you set aside for the presentation.

Just by bringing my guilt to Him and admitting it I know He has paid my debt. His mercy is so overwhelming. I want to thank you for being a tool God has used to bring me back to Him.
