Program Description & Pre-Requisites: NEW THIS SUMMER!

Created specifically for the A or B level PeeWee, Bantam and Midget aged skaters that are serious about advancing to the next level. This program should be used as a way for dedicated hockey skaters to maintain, correct and improve upon their existing skills, but also advance their skills to higher levels over the course of the summer months. Skaters can expect individual, and position specific training in small groups, with a 4:1 skater to coach ratio. Skaters will build confidence by repetitiously executing skill work in real game like situations.

All sessions at the St. Louis Ice Zone. Once enrolled, participants have the ability to hand-pick each preferred ice time through the enrollment software. The software will keep track of each lesson and enable participants to cancel and reschedule as needed as long as changes or cancellations are done 24+ hours in advance. No refunds or credits for missed sessions - no exceptions.

****PRE-REQUISITE:** rising PeeWee, Bantam or Midget skater.

USE THE SCHEDULE TO THE LEFT TO PLAN OUT YOUR SUMMER TRAINING SCHEDULE - CHECK THE DAYS/TIMES THAT YOU PLAN TO SCHEDULE!

IMPORTANT PROGRAM NOTES: 24 skaters max per ice time, so it's HIGHLY advised to schedule ALL of your 18 lessons within 48 hours of your enrollment to ensure you get your first choice of ice times. If there are ice times that have no skaters enrolled, Synergy reserves the right to cancel the ice time, therefore reducing the number of available lesson times for you to choose from. You may cancel a scheduled lesson time up to 24 hours prior to the lesson and you may re-schedule a replacement lesson as long as you schedule it 24 hours prior to the new lesson time. Cancellations (or no-shows) less than 24 hours prior to lesson will be a forfeited lessons with no credit, refund or opportunity to reschedule - this is **NON-NEGOTIABLE!** Unused lessons will not roll over to any other program or any other type of lesson - all must be used or forfeited. **Utilize the UpperHand website or app to schedule all your purchased lessons and to make any scheduling changes:** <https://app.upperhand.io/>
