

## Brand Building Recognition in Commercial Cleaning Services in Metro Detroit Business Districts

Written By  
Bradley Fowler, MA, MSc.

Brand building recognition in commercial cleaning services in Metro Detroit business districts is a daunting task. After all, commercial cleaning in Metro Detroit is undergoing a revision of business ownership and quality care. New commercial cleaning service providers are launching new janitorial cleaning services but often do not meet the demands of clients' desires and wants. There are also concerns about the trustworthiness of service providers and their team members.

Allen Maintenance Corporation has spent 25 years branding itself as a quality control building maintenance and commercial cleaning service provider. Not only has brand building become a way of improving services provided. But Allen Maintenance Corporation thrives to be the best in the industry. Thus, outperforming competitors is what Allen Maintenance Corporation seeks to do.

As a result, Allen Maintenance Corporation places emphasis on making sure all team members adhere to a professional level of ethics. Integrity cannot be bought. Thus, Allen Maintenance Corporation places emphasis on hiring team members who possess a genuine concern and sincerity for the cleaning concerns of clients, Allen Maintenance Corporation works with. This helps establish a foundation of respect and enables the brand to become entrenched in the minds of businesses, located throughout the Metro Detroit business districts, Allen Maintenance Corporation is hired to work with.

Brand building recognition in commercial cleaning also requires building relationships with local Chamber of Commerce and business owners. Allen Maintenance Corporation has established an A+ rating with the BBB and continues to maintain its listing on the BBB Web site.
