To Whom It May Concern:

My daughter of nearly 5 months, Sophie, attended Elibunny Family Daycare in June and July of 2008. I was extremely satisfied with Elibunny and was disappointed that, due to our relocation to Charlotte, Sophie was not able to stay longer.

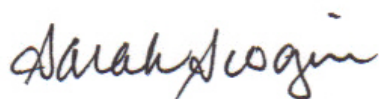

I interviewed staff at several other daycares before visiting Elibunny Family Daycare, and I could see a positive difference right away. A call to Arlington County Child and Family Services confirmed my choice. I was transferred to a caseworker who recognized Elizabeth's name right away, and she gave her a glowing review without me even asking for it. (I was calling to ensure that Elizabeth did, in fact, have a daycare license.)

I had complete peace of mind dropping Sophie off every morning at Elibunny Family Daycare. In my time observing the daycare, I could see that providing a safe, clean, and healthy environment for the kids was a top priority.

Elizabeth's love for children and joy in spending time with Sophie was evident every day. And it was obvious Sophie enjoyed it as well; she would give Elizabeth a huge smile when I dropped her off in the morning. Elizabeth cared for more than just Sophie's physical needs; she planned creative and age-appropriate activities to stimulate her senses, as well as gave Sophie individual attention. I was always impressed with Elizabeth's knowledge of child development and learned a great deal from her myself, being a new mom!

I cannot say enough positive things about Elibunny Family Daycare and fully recommend it to anyone looking for a home daycare. Anyone desiring more details about our experience is welcome to give me a call or send an email.

Sincerely,

Sarah Scogin
