RE: Motion, Bill of Complaint and Appendix of Plaintiffs from California, Colorado and New Mexico

Dear Mr. Harris:

Enclosed in four (4) boxes are forty (40) copies of our Motion and brief for Leave to File, the Bill of Complaint, and the Appendix.

We have had difficulty complying with Supreme Court Rules which are worded to have the undeniable effect of breaching a provision of the First Amendment to the Constitution for the United States of America. The Court and Congress being a major part of the government created by and subordinate to provisions of that constitution have no power or authority to alter, revise, or repeal any part of said constitution without following the mandates of Article V. Accordingly, we urge you to take that matter into consideration.

Sincerely,

Kenneth Gomez
Governor, State of New Mexico
