ENVIRONMENTAL & SAFETY BENEFITS

- Nontoxic (aquatic & human)
- Phosphate Free
- No Added Fragrances
- Biodegradable*
- Non-Corrosive
- Contains No Hazardous Ingredients**
- No Glycol Ethers
- Non-Alkaline
- Made Using Renewable Resources

DILUTION RATIOS

Foam Applying Equipment:
16 to 32 ml per litre of water dispensed.

Pressure Washer:
16 to 32 ml per litre of water, based on gpm dispensed.

Hand Application Method:
Dilute 32 to 64 ml per litre of water, depending upon the degree of soil contamination.

DIRECTIONS FOR USE

Always use water from the cold tap for dilution general use directions. Apply with a mop or brush, or foaming sprayer. May also be used in 3-compartment sinks for hand cleaning. Will not damage aluminum, galvanized or any washable surface. Heavy foam clings to vertical surfaces allowing adequate dwell time for dissolving greases and oils without agitation.

PRODUCT PERFORMANCE CHARACTERISTICS

Food Service Cleaner – a product of a new detergent technology, is formulated for use on all surfaces in institutional operations such as school cafeterias, kitchens, nursing home facilities, day care centers, health care facilities, and supermarkets. Enviro Chem Food Service Cleaner’s heavy duty, high foaming action emulsifies kitchen greases, animal fats and cooking oils, allowing soils to be rinsed or wiped from the cleaned surface with ease. Enviro Chem Food Service Cleaner contains no phosphates, no butyl cellosolve, alkalies or other hazardous ingredients and is completely biodegradable.

TYPICAL PROPERTIES

pH.....	9.0-10.0
Specific Gravity.....	1.2-1.03
Weight per Gallon.....	8.4 lbs
Color.....	Green
Odour.....	Neutral
Clarity.....	Clear
Sediment.....	None
VOC%(EPA Method 24 by weight).....	0.0%

* As defined in 40CFR796.3200 EPA/TSCA

** As defined in OSHA 29CFR 1910.1200
