

COULD *ONE WORD* MAKE ALL THE DIFFERENCE?

Early praise for the book:

“There are days when I really want to shriek ‘Enough is Enough!’ about the madness our world has become. And then, like a breath of fresh air, along comes Laurie's marvelous book to show us just how we got into 'too much' and all its consequences, and just how simple it is to get off the roller coaster and into a more peaceful and loving life ride.

This book is a must for a saner and more caring future. “

- Elisabet Sahtouris, PhD, author of *Earth Dance and Gaia's Dance* and featured in the films *Dalai Lama Awakening*, *I Am*, *Occupy Love* and *Femme*.

In 2013, Laurie received a message:

I AM ENOUGH.
I HAVE ENOUGH.
WE ARE ENOUGH.
WE HAVE ENOUGH.
ENOUGH!

It felt like a lightning bolt. But what could it mean? After three years of research, she was astounded by the big picture she was seeing: abundant evidence that the root cause of most suffering, **and the key to liberating ourselves from it** is contained in our orientation to one word: ENOUGH.

From thriving social movements to cutting edge science and technology, to leaps in human consciousness, to Nature's own 13.7 billion year old success story, Laurie found that the ENOUGH MESSAGE points to an empowering archetypal process that unlocks personal and planetary transformation - and it's all happening *right now*.

Discover an empowering new lens that will help you to see reality for what it really is, unlocking your true potential as a powerful agent of good in your life and the world.
