## FEBRUARY 2022

The shortest month of the year has vanished with the season changing to some more comfortable Autumn temperatures.

Whilst we experienced a mixed bag of weather conditions across the month, recent rainfall has left the course fairly heavy & soft making it challenging to maintain with more rain predicted.

Our Pennants season is set to continue throughout March with both B & C Grade in strong positions.

## CLUBHOUSE UPDATE

*with Paterson GC Committee*

A number of key items were on the agenda throughout February including the recent advice received surrounding the Cease to Pump ruling which may have a significant impact on our current operations.

Stephen Sneddon presented to our committee with details on the issue. Paterson GC also issued correspondence to members earlier in the month & strongly encourage all members to sign the petition which is available via our [website](#).

Our bi-annual course renovations are also scheduled to be completed on Wednesday 9th March with social golf restricted until the early afternoon whilst work is in progress. Any assistance from members will be welcomed!

Our rescheduled 2021 Match Play Club Championships continue throughout March with the majority of Round 1 now completed. The Final remains scheduled in late April, however, may move deeper into the year with consideration to the ongoing inclement weather. Players involved need to coordinate their respective fixtures for each round within the timelines noted. If you have any issues scheduling your match please discuss with Club Captain, Ramsey Vane-Wood. Best of luck to all Players!

## NOTICE OF PRICE RISE | FEBRUARY 2022

Please be advised Paterson Golf Club Committee endorsed at our February Meeting (15-02-22) to increase **competition fee & beverage prices effective from March 1st 2022**. Key details are available below:

### Competition Fees

Competition Fees will increase from \$20 to **\$25**.

Inclusion within our competition fee structure:

- Green Fee contribution
- Competition prize pool contribution
- Member Draw contribution

Noting the rising cost of meat for our BBQ has significantly contributed to the fee increase.

### Beverages

Beer &/or Powerade will increase from \$4 to **\$5**.

Soft drinks will increase from \$2 to **\$3**.

Members are reminded to ensure they settle their beverage account on the same day as they purchase items via either cash payment at the club house or via direct deposit into our bank account.

Thank you in advance for your understanding.

# SHORT GAME MADE SIMPLE

via Australian Golf Digest

**Basic Pitch** | Set the shaft more vertical at address to help the clubhead slide along the turf, not dig deep into it. Your arms, club and chest should turn back together and finish together with your hands remaining in front of your chest.

**Stock Chip** | With your weight forward and the front shoulder over your lead foot, move the triangle formed by your arms and shoulders back and through. Continue turning your body to keep the club's shaft and lead arm in line at impact.

**In the rough (sitting down and propped up)** | When your ball is down in longer grass, allow your trail arm to fold as you swing back, setting a sharp angle between your lead arm and the club. This helps you to hit down sharply on the ball. Swing high to low with little follow-through, popping it out. When the ball is sitting up, address it in the centre of the clubface, setting the leading edge even with the bottom of the ball – not nestled under it. This promotes a solid strike.

**Bump-and-run** | Grab a 9-iron and hit a chip with some hook spin, taking the club back more inside the target line and letting the face close through impact. If you're playing up a slope, land the ball midway to kill its momentum so it doesn't scoot over the green.

**Bunker shots (long and short)** | For long sand shots like this, take a gap wedge or pitching wedge and make a swing that is three times harder than required from the fairway. For a 30-metre shot, make your 90-metre swing and explode the sand behind the ball. For standard greenside bunker shots, play the ball off your lead heel, set the clubface open about 45 degrees, then take your grip. On the downswing, accelerate the trail arm and thump the sand with the backside of the wedge.

This creates a high, soft shot.

**Flop shot** | To lob the ball high, take an extra-wide stance and play the ball slightly forward of centre in your stance. On the forward swing, unhinge the trail arm and slip the clubface under the ball. Keep your trail arm under the lead arm through impact to hold the clubface open and pop the ball up.
