**THE BRIGHT SPOT: Believe in yourself**

\*\*\*\*\*

**STUDENT OF THE WEEK: BRAELYNN MUNSTERMAN (GRADE 3)**

Vanilla or Chocolate? Chocolate	Ride Bikes or Run? Ride bikes
Rainy Days or Sunshine? Rainy days	Dogs or Cats? Cats
Hamburgers or Nuggets? Nuggets	Books or Movies? Movies
Summer or Winter? Summer	Fruits or Vegetables? Fruits
Pancakes or Waffles? Pancakes	Cookies or Cake? Cake

**Braelynn's performance in the classroom and amongst her peers is spot on! She holds her education at a very high standard. Braelynn also models superior character and citizenship. Recently, she had a classmate lose something on the way out to the soccer field during recess. Without being asked, Braelynn was the only one to stop, come back and help look for it. It's actions and behaviors like this that make Braelynn shine like the rock star she is! - Mrs. Cooper**

\*\*\*\*\*

**Preschool:** We had so much fun learning about fire safety! We learned new songs and talked about having a plan. We also learned that firefighters wear a lot of gear. We started talking about the letter 'b'. So far, we have learned a, b and c. The students can identify these and know at least 2 words that begin with each letter. Keep practicing at home! This week we will learn all about pumpkins! We will paint, draw, match and look at them from the inside out! We have learned all kinds of fun fall songs! Hopefully you have heard some of these at home! Have a great fall week! - Miss Stacie

\*\*\*\*\*

**Kind:** This week my class will be learning about letters D and G. I will be sending home D and G flashcards to add to the letter flashcards we have already reviewed. Reviewing these at home is very important, and it helps the kids memorize them faster. In math this week we will be going over shapes and comparing them in size and color. The students' math homework will be a little different from what it has been in the past. Instead of homework being the Saxon writing review, it will be an additional page from which I choose. This will enable me to send homework home for each student in the area in which they need to improve. There will also be new sight words this week. I will be sending home a list of the new words on Tuesday! I am excited to have another great week! - Miss Rachel

**1<sup>st</sup>/2<sup>nd</sup>:** Most of 1st and 2nd grade have met their AR test goals for first quarter. Be sure to check with your student to see if they have finished their AR tests, as the quarter ends on Friday and they were due by the 12th. Second grade is busily working on their writing and math skills. It is very important for them to be practicing their math facts at home. I've sent flash cards for them to use and believe me I can tell who's been practicing. We have finished the remaining portion of first grade math that we missed from last year and start second grade math today, so it will be getting more difficult. Students also have sight word flash cards that should be in their backpacks to practice nightly. First grade is continuing to work on their handwriting and math skills as well. They have begun addition facts and we will continue to build on those. They will begin having spelling words this week with a test over those words

on each Friday. It is also very important for first grade to be practicing their sight words nightly. Some words cannot be sounded out and just need to be recognized and that takes practice. I will also be sending IXL homework home for first and second grades this week. Their login information is in their folder. If they have misplaced it, please let me know and I will get it to you. – Mrs. Hird

**3<sup>rd</sup>/4<sup>th</sup>:** Congratulations to Braelynn for being selected as student of the week. What a great person for the job! We are going to be busy little bees in our class this week. This week, in addition to our normal spelling tests, 4th grade will be having a math test on Wednesday. Both classes will have a science test this week over Chapter 2, and each class will have a science quiz over life cycles. You should have seen their life cycle review wheels come home over the weekend. 3rd grade's will be over the life cycle of a tadpole and 4th grade's will be over the life cycle of a plant. – Mrs. Cooper

**5<sup>th</sup>/6<sup>th</sup>:** 5th and 6th graders will finish up "Organization" in 6-Trait Writing this week and 6th graders will continue working on Patriot's Pen essays. In Science, 5th graders will be reading Ch. 16 about stars and galaxies and 6th grade will be doing some different activities to learn about density. In English, both grades are learning about verbs and direct objects. In Reading, students will be starting their first Lit. Circle of the year over "Number the Stars". In Social Studies, both grades will continue working through their Presidential Election workbooks. 5th graders will have a states and capitals test over #1-40 on Friday. **7<sup>th</sup>/8<sup>th</sup> Comm. Arts:** Students will finish discussing "Theme" this week and will quiz over it on Friday. We will also continue working on Patriot's Pen essays. Have a great week! – Mrs. Foster

**5<sup>th</sup>-8<sup>th</sup> Math:** All grades are working on the nature of numbers, operations, and identifying patterns in story problems. Fifth grade is learning about integers and multiplying larger numbers. Sixth grade is working on integers, average, and estimation. **Fifth and sixth will have a math test on Wednesday.**

**7<sup>th</sup>/8<sup>th</sup>:** Seventh grade math is working on part/whole questions and angles and protractors. Eighth grade is working on decimal operations, part/whole questions, and complex shapes. Algebra students are working on area conversions, use of multiple unit multipliers, and algebraic expressions. Seventh grade is now well underway on their dioramas for social studies. Eighth grade is learning about colonial life in America, including colonial value systems and the roles and expectations of women and children. **Tests this Week: Wednesday: 7th Math – Mr. Ewing**

**MUSIC:** We continue to practice our Patriotic songs. The students are taking a lot of pride in singing them. – Miss Stacie

**CHARACTER ED WORD: COLLABORATION - working together with others for a common purpose**  
The younger grades learned all about Fire Safety this week! We made a fireman and talked about all of their gear, and the parts of the fire truck. We talked about what things we should worry about getting from our house if it is on fire, and the answer is nothing. Never go back inside! This is a great time to change those smoke detector batteries and discuss a family plan in case there is ever a fire at your house. Teach your child their address. This is extremely important when calling the fire department! Be Prepared, Not Scared! –Miss Stacie

**RED RIBBON WEEK: 10/27 – Follow Your Dreams/Don't Do Drugs (Wear PJs), 10/28 – From Head to Toe I'm Drug Free (Hats/Wild Hair/Crazy Socks), 10/29 – Team Up Against Drugs (Favorite Sports Team Apparel) & 10/30 – Halloween Costumes (Please remember bathroom breaks as you plan your Halloween costume for school.)**

**SEPTEMBER ACADEMIC STARS: K – Chase Frost, 1/2 – Kenzie Campbell, 3/4 – Chaz Davis, 5/6 – Baylor Brownsberger & 7/8 – Olivia Engeman**

**HALLOWEEN PARTY HELPERS:**  
**PK: Snack-** Nicki Munsterman, **Drink-** Amie Branson, **Plates/Napkins-** Kayla Wareham  
**K: Snack-** Jenny Frost, **Drink-** Erin Snyder, **Plates/Napkins-** Kayla Wareham  
**1/2: Snack-** Laura Campbell, **Drink-** Corie Locascio, **Plates/Napkins-** Kayla Wareham  
**3/4: Snack-** Nicki Munsterman, **Drink-** Erin Snyder, **Plates/Napkins-** Amie Branson  
**5/6: Snack-** Laura Campbell, **Drink-** Corie Locascio, **Plates/Napkins-** Trevor Fischer  
**7/8: Snack-** Dawn Mott, **Drink-** Kadeena Nitchals, **Plates/Napkins-** Katrina O'Farrell  
**PLEASE SEND ITEMS TO SCHOOL WITH YOUR CHILD, AS THERE ARE NO VISITORS ALLOWED IN THE BUILDING AT THIS TIME. THANK YOU! Halloween Parties are Friday, 10/30!**
