

# *Ohio Regional User Group*

for PeopleSoft and Oracle Cloud

## Spring 2021 Conference

**Session Name:** Getting to Go-Live: Your Roadmap to the Oracle Cloud

**Presenter:** Steve Whinery, Avaap

**Time:** May 19, 2:00pm

[Register](#)

**Abstract:**

Moving to the Oracle Cloud increases accuracy, operational effectiveness, and efficiencies in processes, helping organizations meet their business goals. This session will review the roadmap to a successful digital transformation. From aligning stakeholders, to communicating the why and defining success measures, the session will discuss how project management and change management integrate to ensure greater success and the impact of proactive project governance on the transformation process.
