**'The Newmarket mile requires stamina, though
you'll never win a Guineas without speed'**

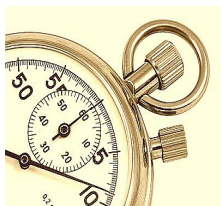

True words indeed. One stallion answered on both calls.

Cockney Rebel, probably the best value stallion in Europe, was an outstanding classic winner and champion miler. His winning time in the 2,000 Guineas (G1) at Newmarket was markedly *faster than any other Guineas winner* since the mid 90's. Faster than Dawn Approach. Faster than Sea The Stars. Much faster than Henrythenavigator.

Faster than Frankel. Two seconds faster than Frankel. Almost 40 lengths faster than Camelot. Cockney Rebel ran faster even than Zafonic!

No wonder he followed up with another scintillating performance in the Irish 2,000 Guineas (G1) at The Curragh, where he outclassed his market rival Duke Of Marmalade to become a dual classic winner. Like his father, Breeders' Cup Mile (G1) champion **Val Royal**, Cockney Rebel was a world class performer. As was his dam's sire, a runner called **Known Fact**. Another top class miler.

Cockney Rebel was fast. Very fast. As was his sire **Val Royal**. He set a record for the **Breeders' Cup Mile** when clocking **1:32.0** at Belmont Park in 2001. Only Wise Dan, who won over the much quicker Santa Anita course, has bettered this sharp time.

Cockney Rebel (ire) 2004

Jockey Olivier Peslier:

"Cockney Rebel was a super horse, with an outstanding finish.

I rode him for the first time in the 2000 Guineas Stakes at Newmarket and his trainer was really very confident, he told me to believe in him. The horse never let go until the post, he made the ultimate effort.

He confirmed this extraordinary performance just three weeks later at The Curragh."
