

# THREE DAYS ON THE BONAVISTA PENINSULA

The Bonavista Peninsula, or the Discovery Trail, is one of the province's most popular destinations and it is easy to see why. With the beautiful communities of [Trinity](#) and [Bonavista](#) and many more communities and experiences throughout the peninsula, three days may only feel like a start!

Day 1: Start your adventure on the Bonavista Peninsula in Trinity, one of the most popular and beautiful towns in the province. The visiting the historic sites is a great way to get acquainted with the town – there are nine in total, operated by [Provincial Historic Sites](#) and the [Trinity Historical Society](#). In the afternoon, head out on the water to see Trinity from a new perspective – and maybe catch sight of icebergs and whales. [Sea of Whales Adventures](#), [Trinity Eco Tours](#), and [Atlantic Adventure Boat Tours](#) all offer regular departures. [Rising Tide Theatre](#) has performances every night of the week in season and makes for the perfect way to end the day. Accommodations are plentiful in Trinity – with [Artisan Inn](#), [Rosewood Suites](#), [Newfoundland Experience Heritage Inns](#), [Trinity Eco-Tours Lodge](#), and [Goose Cove Retreat](#) in Trinity, and [Fishers' Loft Inn](#) and [Sherwood Suites](#) in nearby Port Rexton.

Day 2: Depart Trinity for Bonavista, but make sure to stop in Elliston en route. It provides [one of the best puffin viewing sites](#) in the province, allowing you as long as you please to watch our provincial icon. Nearby you'll find [the root cellars](#) that have become synonymous with the town of Elliston. Before leaving, make sure to visit [The John C. Crosbie Sealers Interpretation Centre](#), where you will explore the history of the sealing. A short drive will take you to Bonavista. Like Trinity, historic sites are a great way to start exploring the town, starting with [Cape Bonavista Lighthouse Provincial Historic Site](#), and then [Mockbeggar Plantation Provincial Historic Site](#), [Ye Matthew Legacy](#), and [Ryan Premises National Historic Site](#). You'll find a variety of well-appointed accommodation options via [Russelltown Inn and Vacation Homes](#), while [Harbour Quarters](#) offers an ocean-side boutique hotel experience.

Day 3: Before leaving Bonavista, you can find three of the sites that make up the [Discovery UNESCO Global Geopark](#): The Chimney at Spillars Cove, [The Dungeon Provincial Park](#), and Long Beach in the heart of Bonavista. Leaving Bonavista by Route 235 will take you to three more geological sites. You'll find Brook Point on [the Lighthouse Trail](#), the perfect afternoon hike and part of the [Hike Discovery Trail Network](#). In nearby Keels, The Devil's Footprints are where science meets folklore, and the Sea Arch in Tickle Cove is the perfect place to watch the sunset. End the day at [Round Da Bay Inn](#) in Plate Cove West, or continue to the [Clarenville Inn](#) or [Quality Hotel](#) in Clarenville, which is a great launching point for the next leg of your Newfoundland and Labrador adventure.
