# Marketing Benefits

Our music festival offers numerous benefits other than serving as a means to display social responsibility. A sponsorship partnership with Conglomerate will provide your brand with the ability to generate awareness about your brand, your products, and services.

- 1. Exposure to your target market. If you sponsor an event where your target market is likely to be in attendance, event organizers will do a lot of the work for you in terms of advertising the event and bringing in attendees. It can be a highly effective opportunity for you to reach your target market. Use prominent signage, eye-catching displays, and professionally produced marketing materials to attract attendees to your booth.
- **2. Brand recognition.** By sponsoring an event, your business name and logo will be included in the event program, and you can further leverage the opportunity to promote your brand by offering an item to include in event gift bags.
- **3. Lead generation.** Sponsoring a booth at an event can be a great way to generate leads. An easy way to get lots of leads is to encourage people to drop their business card in a bowl for a chance to win a prize, or you could encourage people to complete an action on social media that enables you to capture their contact information.
- 4. Puts your business in the spotlight. Sponsoring an event helps you stand out from the crowd. It enables you to prominently display your products and marketing materials instead of just handing out your business card. When you sponsor an event, people interested in your product will come to you.
- **5. Increased traffic.** When you consider the amount of traffic you normally have at your store or business each day as compared with the number of people that are likely to have exposure to your event branding, there's a good chance you can get more exposure at the event than you would on a normal day at your store or business.
