

COMPLETE WEDDING DJ GUIDE

2022

WWW.KRAKAJACK.COM

CONGRATULATIONS!

Thank you for considering Krak-A-Jack Entertainment for your special day!

This guide highlights our process so you know what to expect, from beginning to end!

PRE-COMMITMENT

- Upon reviewing our packages and pricing, we encourage you to meet with one of our DJ's for an obligation-free consultation over coffee.
- If you decide you wish to continue the booking process, you will receive a formal proposal with an attached contract. A 20% retainer fee is due upon signing. Final payment is due at the event.

BEFORE THE EVENT

- Congratulations on selecting your wedding DJ! Your DJ will now stay in touch throughout the upcoming months leading up to your wedding, and eventually we'll discuss your song requests and special announcements. Don't worry, there will be *NO* Chicken Dance unless you ask for it!!

DAY OF THE EVENT

- Your DJ arrives prior to the event to set up and go over timelines with your coordinator.
- For ceremony packages, we provide the music for your processional and recessional and a wireless mic for your officiant.
- For cocktail packages, we provide a 60-min prerecorded playlist of your choice.
- During reception, we begin the evening by introducing your wedding party, leading into dinner music and speeches while everyone eats, and then finally kick off a dance party that everyone will remember for years to come!

YOUR INVESTMENT
