

Lifting of Covid Restrictions

The Parish of Stockport and Brinnington
ST MARY'S - ST THOMAS' - ST LUKE'S

Visiting our premises

Although official restrictions have been lifted we respectfully recommend and encourage:

- > that anyone *symptomatic of Covid-19 stays away, self isolates, and follows government guidelines on obtaining an appropriate test.*
- > that where possible - before visiting us — use is made of the free home testing kits that are available from the NHS [obtaining a negative result].

-
- > that visitors continue to make use of the “track and trace” system(s) available either by signing in manually or by scanning the QR code electronically.

-
- > mask-wearing —but leave it to each person's discretion whether they wear one or not.

- > continued congregation/visitor use of hand sanitiser

Thank you

Our seating will remain socially distanced a little longer. Singing is now allowed, but again, each person is free to choose whether to sing or not. There will be no after Service refreshments—yet. If attending for a Service of Holy Communion we will continue to receive in one kind.
