#### **March Featured Artist Statement:**

My life is a masterpiece of contrasts. My art allows me to express that in a visual way. Born and raised in Chicago, the contrasts of life consumed me at an early age. Fortunately, summers were spent with grandparents in Wisconsin. The peacefulness of the countryside was needed in contrast to the hustle and bustle of city life. Chicago skyscrapers provided an amazing skyline against Lake Michigan waters. Since moving to Ivins, those same emotions are evoked when I gaze at the contrasting red mountains against the intense

blue skies. Life as a child with low self-esteem is now replaced with contrasting emotions at the completion of each new design. I am of value and I can create something of value. This motivates me to continue. I feel guided by an inner strength and by a higher power. The abstract shapes and intense colors are a representation of the realities of life which are a combination of wonderful ups in disappointing downs. They are an escape from reality. I see my art as an expression of the beauty all around.
