

June

Newsletter 2021

Dear Parents,

June is here! Reflecting back over the year, we see what a terrific one it has been. We teachers feel so fortunate to have been a part of your child's learning over the past months! We thank you parents for your support and interest in your child's development and education. It is an honour and privilege to be a part of your child's early education! We greatly value the connection we have with our families!

This month will take us outside as we enjoy the beautiful weather and the lovely area of Juniper Park! We will be looking for and talking about insects and talking about the importance of the Sun to all living things! Inside the classroom we will be talking about construction vehicles, workers, and projects. The children also notice the dump trucks, constructions vehicles and cement trucks that may be working in the Juniper area! They showed much interest in watching the landscape workers renovate the front yard of the house across from the centre!

IMPORTANT DATES

June 1 - Tuesday -
International Children's
Day!

July 1 - Thursday,
Canada Day - School
Closed

Sun and Rain Reminder

With the warmer weather here, we remind you to **please send a hat with your child and make sure that they have sunscreen on when they come to school.** Also, please be advised that we go outside rain or shine. If it looks like it may be a rainy day send your child with appropriate rain gear. We love splashing in the puddles!

International Children's Day!

Tuesday, June 1 we will celebrate International Children's Day with music from around the world and craft activities! We will have a special booklet with colouring sheets to send home with the children!

Happy Birthday!

Happy Birthday to Cameron - 2 on June 24, to Jasmine - 3 on June 20, and to Regan - 3 on June 21!

Housekeeping Reminders:

Just a friendly reminder to let us know if your child will be absent or will arrive later in the morning. We begin snack at 9:00 am. If your child will arrive later just give us a quick call and let us know. This helps with our daily planning, especially if we decide to take advantage of the sunny weather and take a trip to the park or go for a walk. Thank you!

Please let us know of any changes or updates to your child's file, such as address changes, phone numbers, and immunization updates! Thank you!

A reminder that the doors open for arrival at **7:30 am**. The teachers appreciate having the few minutes before arrival time to ready the classroom for the

day's activities. Pick-up time is by **5:30 pm**. Please refer to the parent handbook for our late pick-up policy and late fee. Thank you!

Please remember to check your child's backpack for the amazing artwork your children are doing in the class! They really enjoyed the unit on insects and bugs! They are busy observing the crysalises as they continue the life cycle toward becoming a butterfly! The worms in our worm farm have returned to Miss Lin's garden to help the plants and flowers grow! The children took good care of them in the classroom!

We all are excited that our classroom now has a bigger aquarium with beautiful fish swimming around!

Thank you to all our wonderful families for the support you continue to give us through the months!

We look forward to more fun through the summer months of July and August!
