The Goal

DELIVERING SERVICES TO THOSE WITH MENTAL ILLNESSES

ACT (Assertive Community Treatment Team) is a program that offers a full range of services to those who have been diagnosed with a serious mental illness (SMI).

ACT's goal is to provide community care for an individual's basic needs and help assist in daily activities.

Payment Options

Please bring your insurance or Medicaid identification cards. If you have Medicaid, you may not have to pay a fee. There will be a charge for VCSB services.

When you come for your first appointment, you will meet with a staff member of VCSB to discuss your options.

This interview will help determine your fee, whether third party billing can occur and/or if you are eligible for financial assistance. If you would like to request financial assistance, please bring proof of income.
