
Fire Damages CME Church

Fire caused damage estimated at more than \$5,000 yesterday morning at the Trinity CME Church, 359 E. North St.

The blaze was started by an overheated furnace in the basement, firemen said. Most of the building damage, estimated at \$5,000, was confined to the basement walls and ceiling.

Damage to contents was estimated at \$200.

The fire was discovered about 9 a.m., before the start of Sunday services at the church.
