8. Principles for preparation of state wide and subject wise merit list of CPET-2020:

- The subject wise minimum eligibility for the CPET-2020 is listed in Annexure-II. Those who have appeared in the Final Year/Semester Degree Examination-2020 can also apply and appear in the entrance test. However, they must upload their marks by logging into the SAMS Student Portal prior to fixed dateline given in the point no.4 (e). Failing in submission of final degree results before declaration of merit list will debar them from being part of the merit list.

- The CPET-2020 State wide merit list will be prepared by combining the career marks (30% of the total) and marks secured in the entrance examination (70% of the total) by a candidate.

- Career mark shall be calculated from a total of 30 marks out of which 5 marks will be for 10th Examination (See Annexure- for 10th equivalent Board list), 10 marks will be reserved for +2 Examination (See Annexure- for +2 equivalent Board list) and 15 marks are reserved for performance in the +3 results. The applicants are requested to indicate either the Marks or the CGPA as reflected in their mark sheet. The marks awarded for career will be as follows:

  - Percentage of marks expressed as a fraction or CGPA expressed as a fraction of 10 multiplied by 5 in 10th examination, and multiplied by 10 in +2 examinations. (For example a person having 40% or CGPA of 4 will get 2 marks for 10th and 4 marks for +2 examinations.)

  - If the applicant applies for the subject at P.G. level, which s/he had taken as Core/Honours at U.G. Level, then s/he will get 04 marks. For Distinction, 01 mark will be awarded. Rest 10 marks will follow the same formula as +2.

- In case of identical total mark in (entrance + Career), entrance mark will be taken for deciding merit. If entrance marks are also identical then career mark in graduation

examination (+3) and then +2 marks will be considered for deciding rank respectively. In case, of +2 career mark being identical, the applicant born earlier will get the higher rank.

▪ Reservation policy of Government of Odisha will be strictly followed in preparing the CPET-2020 State wide subject wise merit list.

▪ Persons with Disabilities selected on their merit without relaxed standards, along with other candidates shall not be adjusted against the reserved share of vacancies. The reserve vacancies shall be filled up separately from amongst the eligible candidates with disabilities, which will thus comprise persons with disabilities who are lower in merit than the last candidate in general merit list but otherwise found suitable as an applicant, if necessary, by relaxed standard available for persons with disabilities in addition to the SC and ST candidates.

▪ The entrance examination will consist of multiple choice type questions with 1 mark for correct answer and zero for a wrong answer (**no negative marking**). The answers will have to be marked on OMR sheets as per instructions given in the sheet. Each paper will be of 90 minute duration with 70 multiple choice questions. The question will consist of 40 questions from Honours/Core papers and 30 questions from the same subject's generic elective papers as per the OLD CBCS UG syllabus (2016-2019). In multidisciplinary subjects where one dedicated Undergraduate course is not available, the questions will be from the UG curricula relevant to the subject applied for, with distribution of questions decided by relative importance of each.

▪ In the subject Anthropology, some universities in the state reserve a portion of the seat exclusively for science students and give M. Sc. degree in addition to M.A. in Anthropology. Therefore, there will be a separate entrance for science students in Anthropology.

▪ As the COVID-19 infection level continues to be fluid in various regions of the state and the country, there might be a situation where it may not be possible to conduct the PG entrance examination. In such an eventuality, the career mark will be the deciding factor for drawing up the merit list. In such a case, the relative weightages shall be assigned to 10th board, +2 and +3 marks in the ratio of 30:30:40 respectively.
