Hello Fellow Shoppers,

So long winter, hello spring! I'm sure everyone is looking forward to seeing a little more sunshine and daylight in the weeks to come. Spring is our favourite (and most ideal) time to do some cleansing, and we don't mean around the house, we mean our bodies! Not to mention, I'm sure most of you already have a squeeky clean house after the year we've had stuck at home.

There are many ways to help the body eliminate toxins, but the simplest way to do this is with a detox kit. We have various kits and programs available to suit any and all needs. For first time cleansers, we recommend sticking to a gentle program like ReCleanse, a 7 day kit with a detailed meal plan so there's no second guessing what to, and what not to eat. Please see our features of the month on the back page for more information and the special promotion on ReCleanse, or talk to someone in our supplements department for assistance.

Snappy Spring Salad

Ingredients: 1 cup shelled sugar snap peas 1 bunch asparagus ½ cup pumpkin seeds 1 cup cooked quinoa (I used red quinoa for a change) Dressing: juice and zest of one lemon half cup chopped mint 3 dates

2 Tbsp. Olive oil

1. To make the dressing, pure the mint, dates, and lemon juice and zest using a food processor. Thin it out by adding a tablespoon of oil at a time, and then thin with a little dribble of water until it is a consistency that you can drizzle.

2. Fill a big bowl with ice water and set aside. Bring 5 cups of heavily salted water to a boil. Add the peas and boil for 20-40 seconds. Quickly drain and dunk the peas in the bowl of ice water.

3. To cook the asparagus, bring water to boil in shallow saucepan. Cook just until tender. Dunk the asparagus in ice water with the peas. Drain both.

4. Toast the pumpkin seeds by placing them in a dry frying pan over high heat. Toss until fragrant. Remove from heat.

5. Just before serving gently toss the peas, asparagus, cooked quinoa and pumpkin seeds with about half of the dressing and a couple pinches of salt. Taste and add more dressing if you like. Finish with a pinch or two of your favourite finishing salt.

Featured Special This Month Only!!

Natural Factors Women's Multi Probiotic is a 10-strain formula providing a guaranteed total of 12 billion colony forming units right up to the expiry date. This comprehensive formula also features 300 mg of CranRich cranberry 36:1 concentrate, to support intestinal, vaginal, and urinary tract health, helping to prevent recurrent urinary tract infections (UTIs).

The 10 probiotic strains in Women's Multi Probiotic are derived from human, plant, and dairy sources. Each strain is selected for its ability to inhibit pathogens that commonly cause UTIs from sticking to the walls of the intestinal, vaginal, and urinary tract. Cranberry extract also inhibits bacterial adherence, which reduces the likelihood of recurrent UTIs.

Women's Multi Probiotic offers a simple and convenient way to help restore natural flora and natural defences against UTIs. These carefully selected naturally acid-resistant probiotic strains may be taken with or without meals for optimal absorption and effectiveness.
