Since UWA's inception in 2002 our membership has steadily grown because of the way we utilize our greatest weapon against hostile managements and that is our Employee Army. "Employees for Employees" has grown the UWA to over 4 times the size of this Teamster Local. Teamsters membership has steadily declined, this is because of poor contract and poor representation. Just ask employees all around including Chicago megabus.

Teamsters like to say we are far away, yet employees have seen more UWA reps then they ever saw Teamsters Reps.

JOIN UWA and JOIN the Growing Army of Transportation workers.
