

# ICARE ACTIVEX PRESSURE CARE OVERLAY

- The Icare ActiveX™ Pressure Care Overlay is designed to provide added pressure relief and comfort on an existing mattress. This overlay is heat and pressure sensitive causing them to soften around pressure points and inflamed areas.
- ActiveX™ is a high grade of elastic type foam that is responsive to a temperature around inflamed areas. ActiveX™ will become softer as it becomes warmer. So around a pressure point, it will always soften and allow the blood to circulate freely.
- Used to increase comfort on mattresses especially for short-term illness, recovery from surgery or for added comfort.
- Suitable for use on some alternating air mattresses. ActiveX™ Overlay's are often used to increase comfort and reduce heat loss when used with alternating air mattresses.

**Warranty**  
1 Year

**Compliance**  
AS/NZS IEC 60601.1:2015
