

Please 'meet' **Ms. Lottie Litzko**

Recently, I had the pleasure of speaking with long time CPA member Ms. Lottie Litzko .

Lottie turned 100 in December 31, 2021 and has been a member since she “can’t remember when”.

Her parents came from Poland, were married in St. John Cantius church, and settled in the West 7<sup>th</sup> and College area of Cleveland. Lottie was one of 11 children and spoke Polish most of her life. Although she laments that she has no one to speak Polish to anymore. She also said with a chuckle that when she gets to Heaven she is going to give her siblings a “good talking to” for having left her behind.

Lottie attended many polka dances and loved to dance but had no special partner. She laughed and said she would “dance with anyone.”

Lottie lives independently in Rocky River and said that except for her legs and knees which bother her, she is in great health.

When asked for advice on living such a happy and healthy life Lottie said, “Eat healthy, (like spinach) exercise anything that moves, hang onto God and don’t drink or smoke.”

Sto Lat lovely Ms. Lottie.
