Showmanship: Would you be interested in adding an Intermediate Showmanship division to our show? This would apply to grades 6-8.

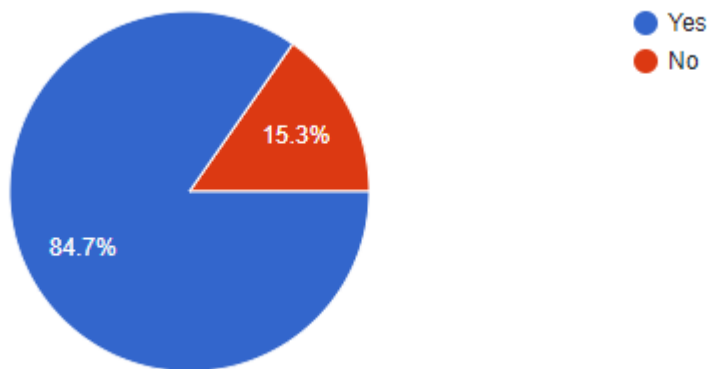

Peewee Showmanship: Would you be interested in adding a Peewee Showmanship to each species?

County Validation: Currently, if a market animal is state validated for a major show and the same animal is also being validated for the county show, the animal is required to be "presented" again at the county validation. Would you be interested in revising this process to reflect - if a market animal is state validated for major shows, the major show validation tag will be accepted, in lieu of hauling the animal to county validation.

County Validation Limit: Currently, there is a limit of four animals per species, per exhibitor, that can be county validated. Would you be interested in changing the "limit of four" to "unlimited"? \*Please note exhibitors will still only be allowed to show two market animals at the show.
