

## 2 Planning Pages Setup

10/21/21

### Page 1

- Write the 4 questions and answer them in complete sentences. Write legibly and clear. Use art vocabulary and terminology. Minimum of 4 sentences per answer. Write the title and date at the top of the page 1 only.

### Page 2-

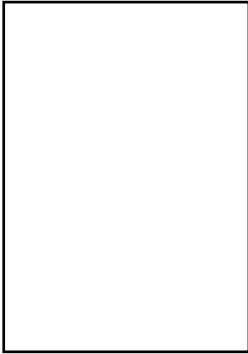

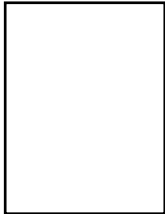

- Create a 4"x 6" rectangle example of the piece you're planning for. The example must be full out and represent your final piece accurately. Place it inside the rectangle. The example must contain accurate colors, composition and express the theme clearly.
- Include a 3" x 5" rectangle example in pencil or pen sketch (any color) of a different angle/perspective of the piece. This provides an alternative backup. This is not as full out as the first example but must still express the theme clearly.

*Nothing can be glued in or attached into the planning pages. No profanity, offensive or inappropriate images in your school studiobook.*

*Any separate work or anime, manga, cartoons, comics, characters should be reserved for your own personal sketchbook and not for class.*
